Table 34-1

Q28. In November 2018, Idaho voters approved Proposition 2 which expanded Medicaid coverage to low-income Idahoans. While the federal government will pay for 90% of the cost of Medicaid expansion, the state of Idaho needs to generate an estimated \$100 million dollars over the next 10 years to pay for the state portion. Idaho counties are anticipated to save millions of dollars as a result of the state expanding Medicaid. One proposal to help the state pay for Medicaid expansion is to require Idaho's counties to contribute a portion of their savings to the state to pay for Medicaid costs. Do you favor or oppose having Idaho's counties pay the state of Idaho with savings from Medicaid expansion?

(NET DIF 1 - Percent favor minus percent oppose)
