I understand and agree to the following separately and as a whole:

1. I have successfully completed all courses that are prerequisite to the graduate courses listed above.
2. Approval of this Senior Permit does not constitute admission to the Boise State University Graduate College nor does it obligate the Graduate College to admit me in the future.
3. Courses taken by Senior Permit and reserved for graduate credit will not automatically be applied to any specific graduate degree program. The applicability of graduate credits thus taken can be determined only after I have been admitted to the Graduate College and a supervisory chairperson and graduate committee have been selected.
4. Graduate courses taken by Senior Permit and reserved for graduate credit at Boise State may not necessarily be accepted as transferable graduate credits by another university.
5. Two 500-level (graduate) courses can count toward the 120-credit requirement for an undergraduate degree, and may also count in the 40-credit requirement for upper-division courses.
6. If a graduate course is taken under Option II with the intent of having it substituted for an undergraduate degree requirement, an *Academic Adjustment Form* must be approved and submitted to the Registrar's Office.
7. It is understood that graduate courses applied toward an undergraduate degree cannot be retaken for graduate credit.
8. Enrollment in this course does not mean I am eligible for any financial aid. This course may or may not be aid eligible.
9. Graduate courses taken under either credit option will be charged the graduate per credit fee rate.
10. The option chosen above (I, II, or III) is not revocable.
11. By submitting this form, you are approving a class swap from undergraduate to graduate (if applicable).
