Introduction

Boise State University is a state-supported institution of higher education located within the city of Boise, Idaho. Campus properties encompass approximately 290 acres, which includes academic buildings, associated auxiliary facilities, and a considerable number of outlying residence-type buildings used for academic and associated purposes. Instructional, vocational-type, separate remote campuses and retail facilities are also maintained and operated in Boise, Meridian, Mountain Home, Coeur D’Alene, Nampa and Twin Falls, Idaho.

At present, 22,480 students are enrolled at Boise State University, including 368 international students from 67 different countries. Additionally, the University employs 3,982 faculty and staff and 2,273 student employees.

Annual Security and Fire Safety Report

The Boise State University 2019 Annual Security and Fire Safety Report is provided to students, faculty, staff, and the public as part of Boise State University’s commitment to safety and security on campus, and in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. This report is prepared by the Boise State Department of Public Safety in cooperation with various Boise State departments, which provide annual updated information on their educational efforts and programs to keep the University safe and comply with the law. Statistics for crimes, arrests, and disciplinary referrals are collected from reports to the Department of Public Safety, Boise Police Department (BPD), Human Resource Services, the Office of the Dean of Students, the Office of Institutional Compliance and Ethics, Athletics, other local law enforcement agencies, and campus community members designated as “Campus Security Authorities” (CSAs). This report is the Annual Security Report for the Boise State main campus and also for Boise State’s separate campuses, including Boise State’s presence at the College of Western Idaho, Lewis-Clark State College, North Idaho College, College of Southern Idaho, Mountain Home Air Force Base and Gowen Field. Crime statistics for the separate campuses are collected from local law enforcement agencies, as well Boise State CSAs. This report is the Annual Fire Safety Report only for the Boise State main campus because Boise State does not own or control housing space at any of its separate campuses.

The information contained in this report is intended to provide education about the policies, procedures, and programs that exist to assist you in protecting your safety and wellbeing. It is also intended to inform the campus community, and prospective members of the campus community, about reports of crimes that occurred on or near certain properties Boise State owns or controls.
The Department of Public Safety operates 24 hours a day, 7 days a week. It is staffed with both sworn and unsworn personnel including trained professional Boise State Senior Security Officers (unsworn) and City of Boise Police Officers (sworn). The Department of Public Safety is comprised of two sections: Operations and Services. The Operations section is primarily responsible for overseeing Boise State’s security and police program and the Services section is primarily responsible for oversight of transportation and parking as well as integrated security technology information.

Boise State Senior Security Officers are responsible for building security and patrol, grounds security and patrol, parking enforcement, policy enforcement, citizen assistance, and emergency response. Senior Security Officers patrol the main campus, on-campus residence halls, and certain nearby off-campus University properties throughout the day, every day of the week. Senior Security Officers are certified in first aid, CPR, and AED. Full-time Senior Security Officers are required to complete the 80-hour Western Association of Campus Law Enforcement Administrators’ Basic Academy. These officers also receive continual training throughout the year. Senior Security Officers do not carry firearms and do not have arrest authority. Additionally, Boise State utilizes contracted security services for events across campus. These private security companies provide both parking and event security services throughout the year.

The Department of Public Safety also has administrative responsibility for law enforcement activities on campus. While Boise Police Department (BPD) officers have jurisdiction throughout the city limits of Boise, Boise State also has a contract with BPD to provide supplemental police services specifically to the main Boise State campus, and at certain local off-campus locations the University owns or controls. BPD is also the agency providing law enforcement services to public property contiguous to the Boise State main campus. These BPD officers are stationed at the Department of Public Safety substation and work in concert with Boise State Senior Security Officers. BPD is responsible for law enforcement, investigations of alleged criminal offenses, crime prevention programs, reporting criminal activity and crime-related problems on campus, and emergency response at Boise State.

BPD has 1 lieutenant, 6 officers, and 4 full time and 1 part time dispatcher assigned to Boise State University. At least one officer and one dispatcher are on-duty on campus 24 hours a day, 7 days a week.

BPD officers have full law enforcement authority and have completed the Peace Officers
Standards and Training (POST) Academy. BPD officers receive regular training on areas such as emergency first aid, criminal law, firearms, crisis intervention, arrest procedures, victim response, and crime prevention. Police officers are empowered by Idaho law to make arrests, investigate crimes, and carry firearms on campus.

The rest of the Boise State security team consists of the following personnel:

- Associate Vice President of the Department of Public Safety
- Director - Security, Police, and Event Operations
- Associate Director – Security and Event Management
- Assistant Director – Compliance and Crime Analysis
- Assistant Director – Emergency Management
- Manager – Event Parking
- Manager – Security Operations
- Events Coordinator
- Senior Security Supervisors and Officers (full time and part time)
- Traffic Event Supervisors and Specialists (full time and part time)
- Administrative Staff

Information concerning security for Boise State’s separate campuses is covered in those sections of this report dedicated to those campuses.

**Working Relationship with Other Law Enforcement Agencies**

In addition to BPD, the Department of Public Safety maintains a close working relationship with other city, county, state, and federal law enforcement agencies, as well as all appropriate elements of the criminal justice system. Crime-related reports and statistics are routinely exchanged and personnel from city, county, state, and federal law enforcement agencies routinely assist the Department of Public Safety during football games and other major events or emergencies that occur on campus. Department of Public Safety personnel also participate in the Joint Terrorism Task Force and routinely work with the Idaho Criminal Intelligence Center.

Some recognized student organizations maintain either meeting and/or living facilities off campus. Through the contract between BPD and the Department of Public Safety, any reports related to criminal activity associated with recognized student organizations at off-campus facilities are shared or reported to the Department of Public Safety. These crime statistics are included in the non-campus crime statistics category in this report, and these criminal activity reports are subsequently shared with the appropriate University officials.

**Crime Reporting Procedures and Response to Crime Reports**
Boise State always advocates for the prompt and accurate reporting of all crimes. Members of the University community are encouraged to report any criminal or suspicious activities that occur on campus property to the Department of Public Safety immediately, including when the victim of a crime elects to or is unable (physically/mentally) to make such a report.

For emergencies, dial 9-1-1. To report a crime in person, you can locate the Department of Public Safety office in Capitol Village at 2245 University Drive, Boise, Idaho, 83706. The office is open 24 hours a day, 7 days a week. Crimes reported to the Department of Public Safety are used for tallying Boise State’s annual statistical disclosure of Clery Act Crimes and may be the basis for issuing a campus alert, such as a Timely Warning or Emergency Notification. Crime reporting for Boise State’s separate campuses is covered in those sections of this report. Crimes can also be reported to the Office of the Dean of Students either by phone at (208) 426-1527, by email at deanofstudents@boisestate.edu or in person at 2100 University Drive, Suite 120, Boise, Idaho 83706. Additionally, crimes can be reported to Campus Security Authorities (CSAs).

In sexual assault, dating violence, domestic violence, and stalking cases, we recommend that you report these cases to the Department of Public Safety, although we recognize reporting can be difficult for survivors. You may also report crimes of sexual assault, dating violence, domestic violence and stalking to the Title IX Coordinator either by phone at (208) 426-1258, by email at ReportDiscrimination@boisestate.edu, or by making an in-person report at the Office of Institutional Compliance and Ethics located in Riverfront Hall, Suite 306. There are alternative reporting options in these cases. Additional procedures for reporting sexual assaults, dating violence, domestic violence, and stalking, as well as response to these reports, are outlined later in this document in the section titled Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence, and Stalking.

Boise State acknowledges the importance of officially reporting all crimes and will provide assistance with reporting. The University also recognizes that reporting a crime is different from “pressing criminal charges”. For example, a victim may elect to report a crime to the Title IX Coordinator and may receive accommodations and resources but choose not to pursue criminal charges.

The Department of Public Safety will respond to any criminal complaints, complete a thorough criminal investigation, and warn and/or notify the campus community on a timely basis if necessary as outlined in the Alerts sections of this report. Priority response is given to crimes against persons and personal injuries. In an effort to keep the campus community informed, crime reports and referrals for disciplinary action received by the Department of Public Safety that reportedly occurred on campus or at certain off-campus locations relevant to the campus community are reflected on Boise State’s Campus Crime Log. The Campus Crime Log can be found online at https://www.boisestate.edu/publicsafety-security/campus-crime/campus-crime-log/ or in person at the Department of Public Safety office located at 2245 University Drive, Boise, Idaho 83706. Additionally, the Department of Public Safety will cross-report information as necessary in
compliance with mandatory reporting laws such as reporting child abuse to law enforcement and passing on Title IX report information to Boise State’s Title IX Coordinator.

**Limited Voluntary Confidential Reporting**

If you are the victim of a crime and do not want to pursue action within the University system or the criminal justice system, you should still consider making a confidential report for inclusion in Boise State’s crime log and crime statistics. With your permission, the Department of Public Safety can record the incident while maintaining confidentiality in your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. In cases where there is an allegation of sexual misconduct including sexual assault, domestic violence, dating violence, or stalking, identifying information, if known, must be passed on to the Title IX Coordinator pursuant to federal requirements and University policy. Policy 1065 provides options to confidentially report allegations of sexual misconduct including sexual assault, domestic violence, dating violence, or stalking. The University will only release confidential information to the extent required by law.

**Anonymous Reporting**

The Department of Public Safety also offers a way for the campus community to anonymously report threats or crimes through their website. A “Silent Witness” form may be filled out, which automatically generates an email that will be sent to the Department of Public Safety. This program was developed to allow members of the University community to anonymously report criminal activity and other threats and/or concerns. This is not an emergency reporting form. If there is an actual emergency or an imminent threat to life or property, please call 9-1-1. The Silent Witness form is available at [https://www.boisestate.edu/publicsafety-security/policies-and-forms/367-2/](https://www.boisestate.edu/publicsafety-security/policies-and-forms/367-2/).

**Campus Security Authorities (CSAs)**

Individuals responsible for student and campus activities, campus security, event security, and people Boise State identifies as those to whom crimes should be reported are classified as Campus Security Authorities (CSAs) under the Clery Act, and have specific crime reporting obligations under the law.

The following individuals are CSAs and must assist with the University’s Clery Act compliance efforts by immediately forwarding crime report information they become aware of to Boise State’s Clery Compliance Officer:

- Individuals who work for the Department of Public Safety;
- Any individual with responsibility for an aspect of campus security, but who does not constitute or is not a member of the Department of Public Safety, such as contract security officers and event security staff;
● Any individual or organizational unit identified by a University policy as one to which students and employees should report criminal offenses; and

● Any official with significant responsibility for student and campus activities, including but not limited to:
  ○ Professional staff in the Office of the Dean of Students;
  ○ Leaders in Student Affairs and Housing and Residence Life (such as Resident/Community Assistants and Resident Directors);
  ○ Student Organization Advisors;
  ○ Athletic Directors (ADs) and Coaches (including Assistant ADs, Assistant Coaches, Volunteer and Club Coaches);
  ○ Administrators at Branch, Satellite, and Separate Campuses;
  ○ Faculty or staff members who accompany students on short “stay away” trips;
  ○ The University President; and
  ○ Vice Presidents.

● University Vice Presidents, Deans, and Department Directors shall assist, annually, the Clery Compliance Officer in identifying people within their units who may be CSAs for purposes of the Clery Act. Because personnel and job descriptions change, someone who is a CSA one year might not be a CSA the following year. To determine which individuals are CSAs, the function served by that individual must be considered. If someone has significant responsibility for student and campus activities, he or she is a CSA. In 2019, 1,441 CSAs for the 2018 calendar year were identified and trained regarding their role.

● Campus “Professional Counselors”\(^1\) and “Pastoral Counselors,”\(^2\) when acting as such, are not considered CSAs and are not required to report crimes for inclusion in the annual disclosure of crime statistics. Pastoral and Professional Counselors are encouraged, in writing, when they deem it appropriate, to inform those they counsel about available voluntary confidential or anonymous reporting options for inclusion in the annual disclosure of crime statistics.

CSAs must immediately notify the Clery Compliance Officer, Val Uranga, of any crime reported to them while acting in the capacity as a CSA even if the crime has already been reported to law enforcement. Reports from CSAs are included in the annual statistical disclosure of reported crimes contained in this report, the [Campus Crime Log](#), and may be the basis for a campus alert, including a Timely Warning or Emergency Notification. CSAs are not required to pass on crime information they become aware of in an indirect manner (such as overhearing a hallway conversation, or something a student mentions during an in-class discussion; or that a victim mentions during a group presentation), and are not responsible for determining whether or not a

\(^1\) Professional Counselors are employees whose official responsibilities include providing mental health counseling to members of the campus community and who are functioning within the scope of their license of certification.

\(^2\) Pastoral Counselors are employees who are associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling, and are functioning within the scope of that recognition as a pastoral counselor.
crime took place. The preferred method for CSAs to report crimes to the Clery Compliance Officer is by using the online CSA Crime Reporting Form found at https://www.boisestate.edu/publicsafety-security/policies-and-forms/361-2/. You may also email CSA crime report information to crimereporting@boisestate.edu. Any questions about Campus Security Authorities, crime reporting or the Clery Act in general can be directed to Val Uranga by calling (208) 426-3227, or by emailing valuranga@boisestate.edu.

Emergency Telephones (“Blue Phones”)

There are 77 well-marked exterior emergency telephones located throughout the Boise State main campus. A solid blue light identifies these emergency telephones; the light flashes blue if the dialer is pushed. These emergency direct-ring telephones have a no-charge dialer for Boise area assistance with an identified push button for 9-1-1 emergency (Red) and security officer/police assistance (Black). These telephones can be used to report a criminal incident, a fire, or any other type of emergency or suspicious activities. A Blue Light Emergency Phone map is available at: https://maps.boisestate.edu/; click on the “Campus Safety” theme to display all EPs (and AEDs).

Rave Guardian Mobile Safety App.

Boise State operates a mobile safety application called Rave Guardian. Rave Guardian is a free, smartphone-based safety application that connects end users directly with the Boise State Department of Public Safety and/or local dispatch centers. The application allows users to text or call the Department of Public Safety via the touch of a button to provide tips and request help. It also allows users to designate “guardians” via the function known as a safety timer which tracks and alerts chosen guardians to a user’s location. The application allows for two-way communication between the end user and dispatcher and, at the user’s discretion, allows for user location, medical, and biographical data to be automatically displayed to dispatchers when the user activates the application. Additional information and frequently asked questions about the application are available at: https://www.boisestate.edu/publicsafety-security/home/rave-guardian/.

Security and Access to Campus Facilities

Boise State University is State-owned property and, as such, is generally open to the public. The academic and administrative buildings are open to the public, at a minimum, during normal business hours. Most facilities have individual hours, and the hours may vary at different times throughout the year. Access to some of these buildings is also controlled by card access after normal business hours, and all of these buildings have varied levels of access. All residential facilities with internally facing unit doors require card access at exterior entrances. All townhome and apartment units are accessible by key directly into the unit.

For the 2016-2017 academic year, Boise State leased portions of two privately-owned apartment
complexes for student housing: the 2nd floor of the RiverEdge Apartments located at 1004 W. Royal Boulevard in Boise and the 3rd floor of the Vista West Apartments located at 1570 S. Lusk Place in Boise. Both apartment complexes contracted their own private security personnel and deployed security cameras. The main lobby to each building was open during regular business hours and accessible only by (access) fob after hours. Main access to each apartment was accessible only by personalized fob access and individual rooms were accessible by key. The Department of Public Safety provided regular patrols of and response to these University-leased areas. Crime statistics for these apartment complexes are included for the 2016-2017 academic year. The leases for these apartment complexes ended in May of 2017.

The Department of Public Safety patrols the academic, administrative, and housing buildings on the main Boise campus, as well as at certain local University owned or controlled off-site locations, on a regular basis. Also, Housing and Residence Life staff conducts regular walk-throughs of University owned, on-campus housing to ensure resident safety and security. Additionally, as an on-campus resource to help campus community members identify vulnerabilities and recommend safety and security measures for their work spaces, anyone in the campus community may submit a Building Safety and Security Assessment Request Form found at https://www.boisestate.edu/publicsafety-security/policies-and-forms/534-2/. For information about the access protocol for a specific building, make contact with the building coordinator, a Department head, or contact the Department of Public Safety at (208) 426-6911.

Maintenance of Boise State Main Campus Facilities

Boise State maintains a strong commitment to campus safety and security. Exterior lighting is an important part of this commitment. Motor vehicle parking lots, pedestrian walkways, and building exteriors are well lit. Surveys of exterior lighting on campus are conducted by Boise State Senior Security Officers on a regular basis, and discrepancies are reported to the Facilities Operations and Maintenance Department for appropriate action. Members of the campus community are encouraged to report any exterior lighting deficiencies to the Facilities Operations and Maintenance Department at (208) 426-1409.

A cooperative effort by the Department of Public Safety, Facilities Operations and Maintenance Department custodial personnel, and building occupants is utilized to survey exterior doors. The purpose of this effort is to ensure that each exterior door and its locking mechanism are working properly. Exterior doors on campus are locked and secured each evening by building occupants, custodial personnel, and Boise State Senior Security Officers. These personnel report door and security hardware operating deficiencies to the Facilities Operations and Maintenance Department on a daily basis through the work order process, which tracks all trouble areas to ensure they are repaired.

The maintenance and security of campus buildings spans the areas of key control, maintenance of door hardware, replacement of broken windows, fire protection, fire drills, hazardous waste
policy, ventilation, life safety items, etc. The campus continues to move more to electronic building access systems and away from key locks, which allows monitoring of students and employees going into and out of buildings after hours and on weekends. Although costly to implement, badge access is easier to maintain when students and employees become inactive than legacy key systems, where it is difficult to account for physical key inventories.

Shrubbery, trees, and other vegetation on campus are trimmed and managed on an ongoing basis to meet safety standards, within the guidelines of C.P.T.E.D. (Crime Prevention Through Environmental Design) as well as to help prevent individuals from concealing themselves within that vegetation. Facilities Operations and Maintenance Department personnel and the Department of Public Safety continually survey the campus grounds to help ensure a safe environment.

The RiverEdge and Vista West Apartment complexes employed their own maintenance personnel who regularly conducted walkthroughs to ensure proper lighting, clear access of pathways and other maintenance issues are executed in a timely manner. Shrubbery maintenance was also regularly conducted by staff at each apartment.

Campus buildings, parking lots, and other ground areas are actively patrolled by the Boise State Senior Security Officers and BPD officers.

Campus Crime Statistics

Below you will find statistical charts for calendar years 2018, 2017 and 2016 showing Clery Act crime statistics for the main Boise State campus, certain off-campus locations, and Boise State locations outside of the main campus known under the Clery Act as separate campuses. Boise State only compiles statistics for crimes required to be compiled by the Clery Act (“Clery Act Crimes”). For definitions of each Clery Act crime, please see Appendix A at the end of this report. Please note the crime statistics shown in the charts below reflect the number of crimes reported to the Department of Public Safety and do not reflect prosecutions, convictions or the outcome of disciplinary action. Crime statistics published in this document reflect crimes that are reported to have occurred in one of four Clery Act defined locations as they relate to Boise State. Crimes that are reported to have occurred outside these locations are not included in this report. The four Clery Act defined locations are: on campus property, on-campus student housing, public property, and non-campus property, each defined below:

On-campus property is defined as any building or property owned or controlled by an institution within the same reasonably contiguous geographic area (defined in the Department of Education’s 2016 Handbook for Campus Safety and Security Reporting as within 1 mile of the main campus) and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and any building or property that is within or reasonably
contiguous to above that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor). Examples include, but are not limited to, the Library, Student Union Building, Albertsons Stadium and the portion of the Greenbelt that is on Boise State property. The new 1-mile rule, outlined in the 2016 Handbook for Campus Safety and Security Reporting designated several properties, previously classified under Non-campus properties, as On-campus properties. Examples include, but are not limited to, Dona Larsen Park, Yanke Family Research Park, BOAS Tennis and Soccer Center, University Plaza and Lusk Annex.

**On-campus student housing** is defined as any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus. Examples include, but are not limited to, Barnes Towers, Chaffee Hall and the Greek Life houses on Yale Court. Note that crimes reported to have occurred in on-campus student housing will be tallied for both the on-campus categories as well as the on-campus student housing location.

**Public property** is defined as all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus. Examples include, but are not limited to, University Drive and the portions of Lincoln Avenue, Vermont Avenue, and Manitou Avenue that are north of West Beacon Street. Some streets on campus are university-owned and not considered public property.

**Non-campus property** is defined as any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution (beyond 1 mile). Examples include, but are not limited to, certain locations of off-campus student trips, athletic travel,

**Separate Boise State Campuses**

Boise State has seven separate campuses, listed below. For the purpose of the Clery Act requirements, an additional location is a separate campus if it meets all of the following criteria:

- The University owns or controls the site;
- It is not reasonably geographically contiguous with the main campus (farther than 1 mile away);
- It has an organized program of study; and
- There is at least one person on site acting in an administrative capacity.

All information regarding policies and procedures are the same for the separate campus as they are for the main campus except where otherwise noted below. Boise State does not own or operate any student housing at any of its separate campuses listed below.
Boise State Center at the College of Western Idaho (CWI)

Extended studies programs are provided at Boise State Center at CWI, located at the Nampa Campus Aspen Classroom Building, 6002 Birch Lane, Nampa, Idaho 83687. Boise State University started occupying the Boise State Center at CWI campus in January 2014 and began classes in August 2014. This facility is open to the public during regular business hours. Students, faculty, staff, guests, and visitors may obtain access to campus buildings and facilities outside of normal business hours with proper authorization. A comprehensive key and electronic access program is in effect at CWI. CWI Facilities Planning and Management developed and maintains a detailed database of room keying and key systems for each CWI building and issues keys and electronic access. Key issuance requires the approval of the authorized signature authority of the issuing department as well as the authorized signature authority of the facility to which the key provides access. Each key is cut and stamped with a unique serial number. The serial number associates the key to personnel issued the key as well as key data (building, department, and room numbers accessed by the key). CWI Facilities Planning & Management re-keys individual areas and removes or edits electronic access as required.

Motor vehicle parking lots, pedestrian walkways, and building exteriors are well lit. Formal surveys of exterior lighting on campus are conducted by CWI security officers on a continuing basis, and a discrepancy report is directed to the CWI Maintenance Department for appropriate action if necessary. A comprehensive survey of all exterior lighting is conducted by CWI Facilities Management Department representatives at least once each year. Members of the campus community are encouraged to report any exterior lighting deficiencies to the CWI Help Desk at (208) 562-3444.

A cooperative effort by the CWI Security Department, CWI Facilities Maintenance Department, and building occupants is used in surveying exterior doors. The purpose of this program is to ensure that each exterior door and its locking mechanism are working properly. Exterior doors on campus buildings are locked and secured each evening by building occupants, custodial personnel, and CWI security officers. Door and security hardware operating deficiencies are reported by this personnel to the CWI Facilities Maintenance Department on a daily basis.

The maintenance and security of campus buildings for safety of users spans the areas of key/key fob control, maintenance of door hardware, replacement of broken windows, fire protection, fire drills, hazardous waste policy, ventilation, life safety items, etc. Shrubbery, trees, and other vegetation on campus are trimmed on a regular basis. Trimming is done to a level to expose criminal intent individuals. Where trimming is not effective, this vegetation is removed from the campus. The CWI Facilities Maintenance Department personnel and CWI Security Department continually survey the grounds of the campus to ensure that a safe environment exists. Campus buildings, parking lots, and other grounds areas are actively patrolled by CWI security officers.
While all Boise State community members receive any campus alert issued by Boise State, CWI maintains its own emergency alert system known as CWI Alerts. Boise State students who attend classes at the Boise State Center at CWI are encouraged to sign up at http://cwidaho.cc/info/cwi-alerts-text-voice-and-email.

2016-2018 Crime Statistics

Reports of these certain Clery Act crimes are calculated per Clery requirements. When counting multiple offenses, Boise State uses the FBI’s UCR Hierarchy Rule. This rule requires that only the most serious offense is counted when more than one offense was committed during a single incident, or when a single offense could fall under the definition of more than one crime. However, there are some exceptions to this rule. Hate crimes, arrests and referrals for drug/liquor/weapons violations, and the crimes of arson, domestic violence, dating violence, and stalking do not fall under the Hierarchy Rule are counted along with the most serious crime committed in situations where more than one Clery-reportable crime has occurred in a given incident. Additionally, if a murder and a sex offense are committed during the same incident, both are counted. If an incident occurs in University Housing properties, it is counted twice: once in the “On Campus” section and once in the “Residential Facilities” section.

Additionally, with the passing of the Violence Against Women Reauthorization Act (VAWA) of 2013, the crimes of domestic violence, dating violence, and stalking were added to the list of crimes that Boise State is required to collect statistics for and report beginning in 2014. For definitions of these crimes, see Appendix A. In 2014, the definition of “rape” in the Uniform Crime Reporting (UCR) Summary Reporting System was also revised to reflect the Federal Bureau of Investigation’s (FBI) updated definition, which encompasses the categories of rape, sodomy, and sexual assault with an object that are used in the UCR National Incident-Based Reporting System. The updated definition of rape is used for Clery purposes in this report.

Lastly, the Clery Act allows for sworn or commissioned law enforcement personnel to make a formal determination that a crime report is “unfounded” if, after investigation, the report is deemed to be false or baseless. If a report is determined to be unfounded, it will not be included in the statistical disclosure of crimes reported to have occurred on Boise State’s Clery geography. However, unfounded reports are tallied and disclosed in a separate column from the other statistics.

### Alerts: Timely Warning and Emergency Notification

The Clery Act requires campuses to issue two types of alerts to members of their campus communities when certain conditions are present: Timely Warnings and Emergency Notifications. Timely Warnings must sent out to the campus community whenever a Clery Act crime (those noted in the tables above and defined in Appendix A) that occurs in one of the four federally defined locations related to the university as noted above, is reported to the Department of Public Safety and thought to represent a serious or continuing threat to the campus community. Emergency Notifications need not be triggered by a crime report; they are sent out whenever there is a confirmation of a significant emergency or other dangerous situation involving an immediate or impending threat to the health or safety of the campus community. The conditions, processes and procedures Boise State uses for each type of alert are detailed below.

#### Timely Warning

Boise State is required to issue a Timely Warning to the University community any time a Clery Act crime is reported that is considered by the University to represent a serious or continuing threat to students, faculty, staff, and visitors that occurs on one of the four federally defined locations related to Boise State campuses as defined above.

The University will issue a Timely Warning if a Clery Act crime is reported that is considered by the University to represent an ongoing threat to students and/or employees. Boise State determines whether the circumstances warrant a Timely Warning is determined on a case-by-case basis using the procedures described below. The decision to issue a Timely Warning includes consideration of the nature of the crime, the continuing danger to the campus community, and the possible risk of

compromising law enforcement efforts. If there is an immediate threat to the health or safety of students and/or employees occurring on campus, the University will follow its Emergency Notification procedures as in Boise State Policy # 12110:

The following list of crimes includes examples of situations that may warrant a Timely Warning:

- Murder
- Non-negligent Manslaughter
- Sexual assault
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Hate crimes

Boise State may elect to issue an alert for other crimes, or crimes that occur outside of our campus properties as determined on a case-by-case basis.

The Department of Public Safety may decide not to issue a Timely Warning for a reported crime for the following reasons:

- If the subject(s) has been apprehended and the threat of danger for members of the Boise State community has been relieved by the apprehension.
- If a warning would thwart apprehension of the subject(s) and compromise law enforcement efforts.
- If a crime was not reported to the University or the police in a manner that would allow the University to warn the campus community in a timely manner.
- If a crime was reported to a pastoral or professional counselor while they are acting in that capacity.

The Associate Vice President of the Department of Public Safety, Associate Director of the Department of Public Safety, the Clery Compliance Officer, or the Manager of Emergency Preparedness and Continuity Planning or their representatives will assess the situation and decide if it warrants a Timely Warning. This determination will be made in consultation with the University President or one of the vice-presidents. If a vice-president or the University President is not available, those determining if the situation warrants a Timely Warning will make the final call to begin the Timely Warning process.

The Department of Public Safety will create the Timely Warning message for distribution in consultation with one or more of the University Vice-Presidents and/or the President, and the Office of Communications and Marketing. If the President, or a Vice-President, or a representative from the Office of Communication and Marketing is not available, then the Department of Public Safety may create the message without consultation.
The Timely Warning will include as much information as possible about the crime that triggered the Warning, as well as safety tips that may aid in the prevention of similar crimes. The University will determine the specific content of each Timely Warning on a case-by-case basis, and content may include, but is not limited to: the nature of the crime; the number of individuals involved; and the location, time, and of date the crime allegedly occurred. Names of victims, if any, are treated as confidential and withheld.

The Department of Public Safety will send Timely Warnings to faculty, staff, and students in a manner that is timely through University email, social media, and official websites. All members of the Boise State community, regardless of the campus they attend, will receive a Timely Warning when one is issued. The Office of Communications and Marketing may send the Warning via official means to the general public and the media. Updates to the Boise State community about any particular case resulting in a crime alert also may be distributed electronically via BroncoMail and/or posted on the University’s website. The Chief Operating Officer, the Vice President for Student Affairs, or the Chief of Staff of the President’s Office will review the alert and may distribute the notice to Trustees, officers, or staff, as deemed necessary and appropriate. Timely Warnings may also be posted in campus buildings, when deemed necessary.

See Boise State University Policy #12090: Timely Warning for Crime Prevention.

Emergency Notification (BroncoAlert)

The Department of Public Safety receives information about crimes and other emergencies from different entities on campus, local law enforcement, as well as the local community, and investigates that information to determine whether there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the Boise State community. The University will issue an Emergency Notification immediately upon the confirmation of a significant emergency or dangerous situation involving an immediate or impending threat to the health or safety of students or employees occurring on campus. The University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Department of Public Safety utilizes an emergency notification system known as BroncoAlert that sends alerts through email, phone calls, and text messaging to ensure multiple methods of electronic and cellular communication in the event of an emergency.

Examples of the types of situations that may prompt an emergency notification are:

- Potential life-threatening situations on the campus
- Building emergencies
Extreme weather conditions (official weather warnings)
Unplanned University closures (weather, power outages, etc.)

University officials, and their official representatives, who have the authority to issue emergency notifications are:
- Associate Vice President of the Department of Public Safety
- Director of the Department of Public Safety
- Senior BPD Officer on Duty assigned to Boise State
- The Incident Commander
- Assistant Director – Compliance and Crime Analysis
- Assistant Director - Emergency Management
- Department of Public Safety Communication Center Personnel

One of the individuals listed above will confirm an emergency or dangerous situation with personnel on scene and then authorize the notification. If time allows, the authorizer should consult with the University President or a Vice-President before authorizing an Emergency Notification.

The Department of Public Safety will create the Emergency Notification for distribution and will send Emergency Notifications to Boise State students, staff and faculty through BroncoAlert and potentially other communication vehicles. In addition to BroncoAlert, other communication vehicles may include:

- Boise State Public Radio, University Pulse Radio, and other local television, radio stations, and print media
- Boise State emergency information line recorded telephone message (334-2296)
- Reverse 9-1-1 calling system (coordinated with Ada County Dispatch 9-1-1)
- Exterior public address system near Extra Mile Arena and Multi-purpose buildinga (Carillon system: voice and tone alerts)
- Boise State social media accounts
- Boise State webpages

If Department of Public Safety Communication Center personnel are not available to issue a BroncoAlert, additional Department of Public Safety personnel who have been trained may issue the alert. Detailed instructions for the issuing authority are contained within Annex G of the Boise State EOP, including messaging characteristics and ready-made templates.

The Department of Public Safety will determine the content of the notification based on the type of emergency and will also determine the appropriate segment or segments of the campus community to receive a notification based on which segments of the University population need the information about the emergency. Generally, the University will send its entire community an Emergency Notification, including community members located at separate campuses. If sending the Notification to some members of the campus community and not others becomes necessary, then
some, but not all of these factors, will be considered:

- Type of emergency
- Location of emergency
- The possibility that the emergency will become more dangerous

The University will provide Emergency Notification status updates using one of the communication methods described above in this section when new information or instructions are available. An “All Clear” notification indicates the emergency situation has been contained. All Clear notifications must be approved by the current Incident Commander on-scene at the incident.

The Office of Communications and Marketing may send information about the notification via official means to the general public and the media. The Department of Public Safety may also use social media and campus news outlets to disseminate emergency information to the larger community during threats to health and safety of students and employees. One of the requirements for our new emergency notification system was the ability to send out Twitter, Facebook, and RSS feeds through BroncoAlert; our current system now has that ability. We have also successfully used an emergency banner on the Boise State homepage during emergencies; both for emergency notification and directing the campus community where to go for additional information relating to the incident.

**How to “Opt-In”**

While all students, faculty and staff will receive an email automatically whenever a BroncoAlert message is sent out, they will not automatically receive text and phone alerts from BroncoAlert unless they “opt-in”. Students are encouraged to opt-in during orientation, move-in events, as well as when they sign onto their “myboisestate” website. The steps to opt-in are as follows:

**For students to opt-in to receive BroncoAlert text or text-to-voice messages, please take the following steps:**

1. Go to MyBoiseState (https://my.boisestate.edu/)
2. Click on “LOG IN”
3. Enter your Boise State user name and password; click on “Log In”
4. Click on “STUDENT” next to your name at the top right of the screen
5. Click on “Student Center” under “SERVICES” menu
6. Click on the “Home” menu in the upper right hand corner
7. Click on the “BroncoAlert” app and update your information in the Cell Phone and/or Alternate Phone 1

**For faculty/staff to opt-in to receive BroncoAlert text or text-to-voice messages, please take the**
following steps:

1. Go to MyBoiseState (https://my.boisestate.edu/)
2. Click on “LOG IN”
3. Enter your Boise State user name and password; click on “Log In”
4. Click on “EMPLOYEE” next to your name at top right
5. Click on “PeopleSoft” under “SERVICES” menu
6. Click on the “BroncoALERT” app and update your information in the Cell Phone and/or Alternate Phone 1.

Residents who live in the immediate vicinity of the main campus are also invited to “Opt-In” to BroncoAlert, regardless of if they are affiliated with Boise State, so they can also receive information about crimes and other emergencies requiring an alert. If you have questions, please contact Rob Littrell in Emergency Management by phone at (208) 426-3638 or by email at roblittrell@boisestate.edu.

Note: In order to receive an immediate alert, please provide a text messaging contact number. Voice messages are also delivered quickly, but text messages are usually delivered within 1-2 minutes.

Emergency Response and Evacuation Policy

Emergency response on the Boise State University main campus is covered in detail through the Boise State Emergency Operations Plan (EOP) as a part of a comprehensive Emergency Management program. The EOP is designed to effectively coordinate the use of Boise State and community resources to protect life and property immediately following a major natural or man-made disaster and provide a response system for Boise State faculty, staff, and students for major disasters occurring on Boise State property. The plan is activated whenever an emergency affecting the campus cannot be controlled through normal response measures.

The first official University responder at a disaster scene is responsible for evaluating the situation and initiating necessary communications (Department of Public Safety, Communication Center personnel, Boise Police Department, etc.). First actions at the scene will be to care for any injured people and isolate the area to protect others from being exposed to known or suspected hazards. Once the situation has been evaluated and communicated to the Department of Public Safety Communications Center, alerts may be made to the campus utilizing the procedures described above.

Large incidents that pose a significant threat to life, property, or the environment may require
activations of the Emergency Operations Center (EOC). The EOC will be located in the Department of Public Safety substation, unless otherwise directed by the Incident Commander or the Campus Emergency Policy Group. The Associate Vice President of the Department of Public Safety or his/her designated representative will supervise these operations and ensure proper representation from applicable departments and colleges is coordinated and scheduled.

Once the EOC is activated, the Boise State President or his/her designated representative (primarily the Chief Operating Officer) will be in charge, and the EOC staff will coordinate all response and recovery actions. Assistance from local emergency response agencies may also be required in large-scale incidents, and Boise State will send representative liaisons to participating Incident Command Posts and the county Emergency Operations Center when the local jurisdiction is the Incident/Unified Command.

One of the first objectives of the EOC will be to ensure the campus community is notified immediately upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus if the Department of Public Safety has not already done so.

In the event that the EOC has been activated and emergency messages have not been sent out using the processes described above in this section, the EOC will coordinate with local emergency response agencies, Department of Public Safety and police staff, other responsible authorities, and the University Emergency Policy Group to confirm that there is a significant emergency occurring on campus, determine whom to notify, determine the content of the notification based on the circumstances and nature of the emergency, and initiate the notification systems process. Notification to Boise State students, staff, and faculty will be made through one or more University notification systems as mentioned in the Emergency Notification section above. The Associate Vice-President of Communications and Marketing will provide emergency information to the media and the public. The University Emergency Policy Group members consist of the following:

- President
- Chief Operating Officer
- Provost
- Vice-President, Finance and Administration
- Vice-President, Student Affairs
- Vice-President, University Advancement
- Vice-President, Research
- Associate Vice-President, Campus Operations
- Associate Vice-President of Communications and Marketing

Emergency Evacuation Procedures

Boise State Policy 9220, Emergency Action and Building Evacuations Procedures, establishes
Boise State’s responsibilities and procedures for handling emergencies at the lowest level, which is in each of the 150+ buildings on campus. This policy requires each building to have an Emergency Action Plan with the minimum requirement of addressing how to safely evacuate campus properties in the event of a natural or man-made disaster, civil disturbance, or other emergency situation. This policy also includes fire and emergency reporting procedures.

Emergency evacuation exercises are conducted on an annual basis per federal requirements. All exercises are unannounced with the exception of drills at the Student Recreation Center. The purpose of these evacuation exercises is to test emergency response procedures, practice the coordination efforts involved in emergency response, and prepare building occupants for an orderly evacuation in case of fire or other emergency. Exercises are used to familiarize building occupants with emergency response and evacuation procedures, location of emergency exits, and the sound of audio tone and voice alerts. All exercises are documented by Environmental Health Safety and Sustainability and include a description of the exercise, the date, time, and whether the test was announced or unannounced. This documentation is utilized to improve emergency response and evacuation procedures on campus. In conjunction with at least one emergency exercise each year, the University will notify the community of the exercise and remind the community of the information included in the University’s publicly available information regarding emergency response procedures found at https://www.boisestate.edu/publicsafety-emergencymanagement/ioem/emergencyprocedures/.

Each Boise State building is required to have a Building Coordinator, who is responsible for the building Emergency Action Plan that identifies evacuation procedures for that building. In some cases, a shelter-in-place contingency may be the best procedure to use in certain circumstances when evacuation is not a reasonable option. Boise State provides a templated Emergency Action Plan for all Building Coordinators, which has the following Building Evacuation considerations:

- **When ordered to evacuate or when alarms are activated, ALWAYS LEAVE IMMEDIATELY.**
  - Unless ordered otherwise by officials, designated Building Coordinators and/or alternates and assistants shall direct and ensure, to the extent practical, that a safe personnel evacuation is conducted. **Treat all alarms as warning of an actual emergency situation.**
  - All department heads, faculty, managers and supervisors must help direct employees, students, visitors and each other to obey evacuation instructions of emergency response personnel and/or the Building Coordinators.
  - **Building Coordinators and/or alternates and assistants** shall notify emergency personnel immediately upon their arrival at the scene concerning the status of the evacuation, the exact location of any injured or trapped persons, those waiting in designated Areas for Evacuation Assistance, any others who may be anywhere in the building, and any other relevant information on the emergency situation.
  - **Exit quickly and calmly using nearest emergency escape routes and marked**
exits and proceed to Safe Assembly Locations. DO NOT USE ELEVATORS!
- Do not attempt to use elevators during an emergency. Elevators are called to the first floor when the fire alarm system is activated. Use only stairways in an evacuation.
- Use clear, safe escape routes and exits and proceed to the nearest outside Safe Assembly Location shown on this building’s posted evacuation map (which are typically located on each floor next to the elevator), or to a location ordered by emergency response personnel. Do not return to an evacuated building until directed by University officials.
- If possible, take your coat and keys but do not take time to go to lockers or offices for personal possessions.
- Where applicable and if possible and safe, turn off laboratory gases, exhaust fans, and close doors/windows as you exit.
- Assist persons requiring evacuation assistance to get to designated Areas for Evacuation Assistance. Be alert for trapped, injured, or other persons requiring assistance.
- Transporting of individuals requiring evacuation assistance up or down stairwells shall be avoided until emergency response personnel have arrived. Unless imminent life-threatening conditions exist, relocation of these individuals shall be limited to the designated Areas for Evacuation Assistance.
- Notify emergency personnel immediately upon their arrival of the exact location of any injured or trapped persons, those waiting in designated Areas for Evacuation Assistance, and any others who may be anywhere in the building.

Shelter-In-Place

Boise State University’s shelter-in-place procedures are based on national standard response protocols. If an incident occurs and the buildings around you are unstable or otherwise unsafe, or if the air outdoors is dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger; thus, to “shelter-in-place” means to make a shelter of the building that you are in. With a few adjustments, you can typically make your location more secure and comfortable until it is safe to go outside.

If an incident occurs and the building you are in is not damaged, stay inside the building in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, Bronco card, car keys, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, quickly seek shelter in the nearest undamaged University building. If police or fire department personnel are on the scene, follow their directions.

A shelter-in-place notification may come from several sources, including the Department of
Public Safety, the Boise Police Department, Housing and Residence Life staff, other Boise State employees, or other authorities utilizing the University’s emergency communication tools. Along with BroncoAlert (described in the Alerts section above), Boise State has an outdoor speaker system (Carillon) that can be used to direct students and employees on actions to take during a shelter-in-place scenario. This system has speakers in three strategic locations: Administration Building, the Multi-Purpose Building, and Taco Bell Arena.

Boise State provides a template Emergency Action Plan for all Building Coordinators, which has the following shelter-in-place considerations:

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need to shelter-in-place ever arise, follow these steps, unless instructed otherwise by emergency personnel:

- If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest undamaged building quickly or follow instructions from emergency personnel on the scene.
- Locate a room to shelter inside. It should be:
  1. An interior room;
  2. Above ground level; and
  3. Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
- Shut and lock all windows (tighter seal) and close exterior doors.
- If you can, turn off air conditioners, heaters, and fans and close vents to any ventilation systems.
- Close vents to ventilation systems if you are able.
- Make a list of people with you and ask someone to call the list in to Boise Police so emergency responders know where you are sheltering.
- Check your phone or email for any BroncoAlert messages.
- Turn on a radio or TV (if possible) and listen for further instructions.
- Monitor social media for additional guidance.
- Make yourself comfortable.

**Missing Students**

The Department of Public Safety is responsible for investigating a report of a missing student, which is a student who has been missing for at least 24 hours. Anyone who suspects that a student is missing should immediately inform Department of Public Safety at (208) 426-6911, who will
forward the report to the Housing and Residence Life staff if the student lives on campus.

The Department of Public Safety will investigate each missing student report and, if the Department determines the student is missing, it will notify local law enforcement within 24 hours of the determination. The Department of Public Safety does not have to wait a full 24 hours after receiving a missing student report to notify local law enforcement.

Students who live in student housing, regardless of age, must provide the name and contact information for one individual who would be notified in the event that the student is determined to be missing. The University will keep missing student contact information confidential, accessible only to authorized campus officials, and only disclose it to law enforcement personnel in the event that the student is believed to be missing. The University will notify the student’s missing person contact(s) within 24 hours of a determination that a student is missing, unless the student is located within that 24-hour period. If a missing student is under 18 years of age and not emancipated, the University will also notify the parent or guardian of the missing student. Notifications to parents/guardians and designated missing person contacts are conducted either by the Department of Public Safety or Housing and Residence Life staff. If a notification must be made after hours, the Dean on Call may also notify the missing contact person and parent/guardian of a missing student. The Vice-President of Student Affairs or his/her designee shall initiate whatever action he/she deems appropriate in the best interest of the missing student. This may include notifying the student’s instructors.

The Associate Vice-President for Communications and Marketing is the designated spokesperson that handles media inquiries concerning a missing student. He/she will consult with the Vice-President of Student Affairs or his/her designee, the Associate Vice President of the Department of Public Safety or his/her designee, the Chief Operating Officer, and/or the local law enforcement agency responsible for the investigation prior to any information release from the University, so as not to jeopardize the investigation. Information provided to the media to elicit public assistance in the search for the missing student will be handled by local law enforcement.

See Boise State University Policy # 12070: Missing Students.

**Firearms and Weapons Possession**

A safe and secure environment is fundamental to fulfilling the University’s mission of teaching, research, and public service. Boise State University is committed to maintaining an environment free of violence. This commitment includes restricting recognized hazards from the campus community that contribute to violence or serious harm.

A weapon is defined by University Policy # 12080 as “any animate or inanimate device, instrument, material, or substance used for, or is readily capable of, causing death or serious bodily
injury. Any device that is deadly or dangerous as well as replicas or facsimiles that may be perceived as a weapon. Includes firearms, knives of any length, conducted energy devices such as stun guns, incendiary devices and explosives.”

Generally, the possession, wearing, carrying, transporting, or use of any weapon is strictly forbidden on Boise State owned or controlled premises, including University-owned vehicles and others’ vehicles parked on such premises. Violation of this policy may result in disciplinary action and sanctions up to and including exclusion or expulsion (in the case of students), exclusion or dismissal from employment (in the case of faculty and staff), or exclusion from campus (in the case of the public). Any questions regarding granting of exceptions to individuals or organization in addition to those specifically listed should be addressed to the Associate Vice President of the Department of Public Safety. No authorization period shall extend for more than one year.

The following are exceptions to the general prohibition of weapons on University owned or controlled premises:

Alcohol and Drug Policies

Boise State encourages a healthy environment for its students, employees, and guests. To this end, the University: (1) has developed policies and procedures regarding a drug-free workplace; (2) promotes education and training programs, both internally and externally, regarding alcohol and other drug use/abuse, including training of incoming students with information on alcohol and drug use/abuse; (3) has implemented an employee assistance program; (4) provides wellness programs and activities for employees and students; and (5) participates in numerous community support and resource based programs. To learn more about these programs and see Boise State’s policies regarding drug and alcohol use by employees and students, see the 2018-2019 Drug and Alcohol Abuse Prevention and Education Report.

In the interest of the personal health and safety of the campus community, Boise State University does not condone or ignore illegal alcohol or drug use or abuse. Boise State prohibits the illegal possession, use and sale of alcohol and illegal drugs. The Boise State Department of Public Safety enforces alcohol policies and refers any violations of the law to Boise Police Department, including state underage consumption and possession laws. Federal and State drug law violations will be enforced by the appropriate investigative agency in cooperation with the Department of Public Safety. The Idaho State Board of Education’s policies regulate the possession, use, and sale of alcohol beverages on the Boise State campus.

Boise State prohibits illegal possession, consumption, manufacture, and distribution of alcohol and other drugs by students in college or on University owned, leased, or operated facilities and property. Boise State Policy #1050: Alcohol on Campus provides requirements and exceptions to allow alcohol consumption and distribution to take place on campus during permitted events. Any individual that violates the policies stated in the code of conduct in the student handbook may be subject to any or all of the following: expulsion, suspension, conduct probation, censure, and/or restitution or compensation.
There are additional and more specific Housing and Residence Life expectations regarding alcohol use and definitions of violations in our residence halls, suites, townhomes and apartments. For more information, see Housing and Residence Life’s Community Standards at https://www.boisestate.edu/housing/housing-help-center/policies-and-standards/community-standards/

Boise State Student Involvement and Leadership Center also restricts student organizations’ ability to possess, sell, or consume alcohol at events and activities. For more information, see the Boise State Student Organization Handbook at https://www.boisestate.edu/policy/student-affairs/programs-and-services/.

Boise State is also committed to maintaining a safe and healthy environment for other members of the University community in accordance with the Drug-Free Workplace Act of 1988, 34 CFR Part 85, and Boise State University Policy# 7020, and will not tolerate the unlawful possession and/or use of a controlled substance (alcohol or any other drug) on its premises. If Boise State Policy #7020 is violated by faculty or staff, including student employees, the violator will be subject to disciplinary action (up to and including termination), and may be required to satisfactorily participate in a drug abuse assistance or rehabilitation program.

Illicit drugs include, but are not necessarily limited to, LSD, mescaline, crack, cocaine, speed, marijuana, heroin, peyote, and those controlled substances listed under schedules I, II, and III in Idaho State Code Title 37, Chapter 27.

Applicable legal sanctions for the unlawful possession or distribution of illicit drugs and alcohol:

1. Penalties for the use, unlawful possession, or distribution of illicit drugs are both serious and complex. They range from a misdemeanor penalty up to a $1,000.00 fine and/or 6 months in jail to a life term in the Idaho Penitentiary for previous offenders and certain categories of drug dealers. You should know that Idaho judges are required in many cases to perform mandatory sentencing of convicted persons. A felony drug crime may result in incarceration in a state penitentiary, or a fine not to exceed $25,000, or both. The penalties for use and/or distribution are found in Idaho State Code Title 37, Chapter 27. Federal penalties for the use, possession, or distribution of illicit drugs are similarly severe and complex. Federal judges are empowered to sentence offenders to a federal penitentiary, or to mete out substantial fines, depending on the offense, drug classification, and other factors.

2. The abuse or illegal possession of alcohol is proscribed under Idaho law. In Idaho, you must be 21 years of age or older in Idaho in order to purchase, possess, or consume an alcoholic beverage. Additionally, if a person’s blood alcohol content is at or exceeds 0.08, it is unlawful to drive any motor vehicle, and a first offense can result in penalties of up to 6 months in jail and/or a fine of $1,000.00. Driving privileges can also be suspended or
revoked. There are also laws prohibiting public intoxication or possession of alcohol by a person less than 21 years of age.

Boise State will assist members of the campus community who are experiencing problems with alcohol or other drugs in making informed decisions about appropriate use, as well as the adverse consequences of alcohol or drug abuse on one’s health and behavior. **Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence, and Stalking**

Boise State University is committed to maintaining a working and learning environment that is free from discrimination, harassment, and violence and in which all members of the University community are treated with dignity and respect. The University strives to create an environment that supports, encourages and rewards career and educational advancement on the basis of ability and performance. Accordingly, Boise State prohibits, to the extent permitted by applicable law, discrimination or harassment on the basis of sex, gender, gender identity, sexual orientation and pregnancy, including sexual misconduct (which includes sexual assault), domestic and dating abuse and violence, and stalking. See Boise State Policies 1060: Non-Discrimination and Anti-Harassment and 1065: Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence and Stalking for more information.

All members of the University community are responsible for following these University policies to create a campus environment free from prohibited sex and gender-based discrimination, harassment, and violence. The University expects all members of the University community to avoid any behavior or conduct that may reasonably be interpreted as unlawful sex or gender-based discrimination or harassment.

All Boise State employees must engage in appropriate measures to prevent violations of University policy, and promptly notify the Title IX Coordinator through the means listed in this
BOISE STATE UNIVERSITY

Report after being informed of or having a reasonable basis to suspect that discrimination against, harassment of, or retaliation against a faculty, staff, or student occurred. Members of the University community are also expected to cooperate with the University in any investigation of allegations of sex or gender-based discrimination, harassment, and violence.

Defining Sexual Assault, Domestic Violence, Dating Violence, Stalking and Consent

Boise State University prohibits the crimes of sexual assault, domestic violence, dating violence and stalking as those terms are defined for the purposes of the Clery Act. Definitions of the crimes of sexual assault, domestic violence, dating violence, and stalking as defined by the Violence Against Women Act (VAWA), the State of Idaho and Boise State University policy are located in Appendix A of this report. It is important to note that sexual assault, domestic violence, dating violence and stalking can occur within any combination of genders, gender identities/expressions, and sexual orientations.

Pursuant to Boise State policy, individuals who wish to engage in any sexual activity must obtain consent before doing so. Policy 1065 defines consent as:

Voluntary, informed and freely-given agreement, which may be withdrawn at any time, to engage in a course of conduct. Consent is demonstrated through words or actions creating clear permission of willingness to engage in mutually agreed-upon sexual activity. Neither silence, the absence of resistance, nor the existence of a prior consensual sexual relationship are sufficient to indicate consent. A person who is incapacitated by alcohol or illegal or prescription drugs, unconscious, or asleep cannot give consent. Agreement to engage in a course of conduct shall not be considered as freely given, and shall not constitute consent, when it is obtained through harassment, coercion, threats, or other forcible conduct. A person under 16 years of age cannot give consent for sexual activity; those who are 16 or 17 may only consent to sexual encounters with partners who are less than 3 years older.

In the absence of clear consent (i.e. there have not been any mutually agreed upon words or actions indicating consent), it is the responsibility of the person initiating sexual contact and/or intercourse to ensure that consent from the other person is present. Furthermore, consent must be obtained by the person initiating activity at every state of sexual interaction. Boise State uses the preceding information to determine whether or not a violation of applicable University Policy occurred.

Primary Prevention and Ongoing Awareness Programming for Sexual Assault, Domestic Violence, Dating Violence and Stalking

1 The definition of consent in reference to sexual activity for the State of Idaho and University Policy is also found in Appendix A.
Boise State University offers primary prevention and awareness programs to incoming students and new employees designed to prevent and intervene in sexual assault, domestic violence, dating violence and stalking. The University also provides or facilitates ongoing prevention and awareness campaigns to the University community throughout the year. For definitions of primary prevention and awareness programming, see Appendix A. In an effort to increase awareness about the issues of sexual assault, domestic violence, dating violence and stalking, staff members will make themselves available to any student organizations and departments that would like additional information or presentations regarding these crimes. You can contact the Department of Public Safety at (208) 426-6911, the Gender Equity Center at (208) 426-4259, or the Title IX Coordinator at (208) 426-1258 to request a special presentation for your organization or department.

Primary Prevention Programming

Students:

**AlcholEdu:** The Boise State Office of the Dean of Students oversees online training courses designed to help new students examine the issues of substance abuse, sexual violence and healthy relationships. In a program titled *AlcoholEDU*, students will receive a personalized experience based on the student's identified drinking choices and readiness to change and incorporates multiple evidence-based learning theories in order to achieve specific behavior change objectives. The *Sexual Assault Prevention* online module educates students about healthy relationships, the importance of consent, and the role of bystander intervention. Interactive exercises take students through real-world scenarios and encourage students to challenge sexist language and attitudes, provide guidance for supporting someone who has experienced harm, and promote healthy relationships based on positive communication and respect - empowering students to create safe, healthy campus environments. AlcoholEDU and Sexual Assault Prevention each include a follow-up session that is required 30 days after Part 1, and both parts must be finished for the program to be marked as complete. All new incoming and transfer students who are enrolled in at least 8 credits and under the age of 21 are required to complete the program in order to enroll for classes the following semester.

**Orientation Programming:** New Student Programs conducts 80 hours of annual training for student orientation leaders at the beginning of June every year. The training covers bystander intervention, Clery Act training and an overview of campus safety.

At new student orientation, students learn about support services on an interactive campus tour, from student leaders (current students) in small group discussion, at the resource fair, and via service specific breakout sessions. Students and family guests receive information about the code of conduct via an online module, delivered in advance of orientation. Family members who attend family orientation hear about campus resources, the CARE program, prohibited conduct (including sexual assault, dating and domestic violence and abuse, and stalking), and receive information about being an active bystander. The family track includes presenters from the following offices: Dean of Students, Gender Equity, Campus Safety, University Health Services (which includes Counseling services).
At the end of each new student orientation, the University hosts a resource fair. Various offices table the event including the Gender Equity Center, Dean of Students Office, and University Health Services to provide students opportunities to ask questions and learn about resources and services.

**Housing and Residence Life Programming:** Housing and Residence Life staff provide information to residents regarding personal safety, crime prevention, crime notifications, bystander intervention, and campus safety resources and reporting options in multiple venues. This occurs during first community meetings, programming offered through the First Year Residential Engagement Program and the Second Year Residential Engagement Program, as well as intentional conversations between student staff (Resident/Community Assistants) and individual residents. An innovative tool used to encourage safety on campus is the RAVE Guardian app, where students can access emergency services from their smartphone - Housing and Residence Life staff promote this resource heavily.

**Faculty/Staff:**

**Gender and Sex-Based Misconduct Training:** Between January and May 2018, the Office of Institutional Compliance and Ethics administered Discrimination and Title IX training to 10 faculty and staff departments upon request. The Office of Institutional Compliance and Ethics administers a training called, *Gender and Sex-Based Misconduct Prevention and Response*. This course is gender-based violence prevention and response training which includes information on policies and legal definitions, reporting requirements, risk reductions strategies, bystander intervention, how to respond to disclosures, avoiding retaliation, and maintaining a respectful environment. To learn more about this training, contact the Title IX Coordinator at (208) 426-1258.

**Clery Act and Crime Reporting Training:** Boise State Department of Public Safety coordinates the online and in-person delivery of the *Clery Act and Crime Reporting Training* and its abridged version, titled the *Campus Security Authority Recertification Course*. All new employees must take the full *Clery Act and Crime Reporting Training* course shortly after hire and all Campus Security Authorities must take the full course or the abridged *Campus Security Authority Recertification Course* annually. The courses cover content including Clery Act crimes including sexual assault, domestic violence, dating violence and stalking, and also provides crime reporting options and resources. To request an in-person training, contact Val Uranga at (208) 426-3227 or by email at valuranga@boisestate.edu

**New Employee Compliance Training:** Human Resource Services oversees a new employee compliance training that all new employees are required to complete within 30 days of hire that is intended to familiarize new staff with certain policies and conduct expected of them. Policies covered in this certification include [Boise State Policy 1060: Non-discrimination and Anti-Harassment and the State of Idaho’s Policy on Domestic Violence](#). Additionally, information is provided about how and to whom harassment and discrimination should be reported.
**Workplace Violence Training:** The Department of Public Safety conducts at least tri-annual Workplace Violence training as part of the Human Resource Services Employment Essentials supervisor training. This class emphasizes “zero tolerance” for sexual harassment and stalking identified in Boise State Policy 12040: Workplace Violence and cross checks the additional policies that address sexual assault, domestic violence, dating violence and stalking. Supervisors are also taught about how to handle and report incidents, including the use of the Campus Assessment Resource and Education (CARE) program.

**Ongoing Prevention and Awareness Campaigns**

**Gender Equity Center Workshops and Programs:** Gender Equity Center Workshops and Programs: The Gender Equity Center housed three staff positions focused primarily on violence prevention and support, including: one undergraduate student; one graduate student (who was also a fellow of Futures Without Violence); and one full time, licensed, professional position, all of which were funded primarily through student fees.

Gender Equity Center (GEC) staff members collaborated with a number of campus departments and student clubs to offer annual programs including a variety of pre-packaged workshops, panel expertise at orientation sessions, and locally hosted versions of nationally organized events. Our three signature workshops include content which is: 1) focused on interrupting behaviors associated with relationship violence, 2) focused on interrupting behaviors associated with sexual violence and 3) recognizing dynamics of un/healthy relationships. The panels at orientations feature a GEC staff member who serves as a expert on answering questions posed by parents/family about relationship and sexual violence, violence prevention, resources, and campus policies. The annual Clothesline Project and Take Back the Night are iterations of national events which focus on raising awareness of relationship violence and sexual violence, respectively.

Staff members also generate unique events and workshops each year. These programs vary in partnerships and formats, and usually include a minimum of one cosponsor per event. Examples of cosponsors or partners include local victim service organizations, student clubs, student service learning teams, or faculty/staff. Unique events offered this year included tabling events focused on identifying aspects of healthy relationships, how to ask for or recognize when consent is/not present, and analyzing depictions of relationships in media.

From January 1, 2018 until December 31, 2018, Gender Equity staff offered 59 programs on gender-based violence to over 2,700 participants. (Note: This count is primarily unique, but includes some overlap in participants who return to various GEC events.)

In the last year, the GEC has partnered with the following departments or groups to offer workshops/training to their members: Foundational Studies Department, Sorority and Fraternity Life, Athletics, Housing and Residence Life, Honors College Peer Mentors, New Student Programs,
and various student and community organizations.

Gender Equity Center staff will continue to focus on increasing offerings in classrooms, promoting content specifically focused on stalking, sexual assault, relationship violence, and sexual harassment, and evolving skill building workshops on bystander intervention, consent, and healthy relationships. For more information or to request a training, please contact Director Adriane Bang at (208) 426-4259 or by email at adrianebang@boisestate.edu.

**Title IX Training:** The Office of Institutional Compliance and Ethics provides annual training to Boise State Athletics and Housing and Residence Life staff that provides information about Title IX coverage, red flags, and reporting responsibilities. In addition, over the course of the last year, Title IX training was provided upon request to Facilities, Operations and Maintenance staff; leaders and members of the Greek life community; Student Support Volunteers; student athletes; members of the Student Conduct Sanctioning Board; and the Mandela Leadership Institute. To request a training, contact the Office of Institutional Compliance and Ethics at (208) 426-1258.

**Residence Life Training:** To educate and support the on campus residential community, Housing and Residence Life staff provide three tracks of active and passive opportunities where students living on campus learn about the definition of consent, healthy relationship dynamics, bystander intervention, and policy information regarding prohibited conduct such as sexual assault, stalking, and relationship violence. One of these programming opportunities is the First Community Meeting, hosted by a Resident Assistant fall and spring semester, where residents learn about campus policies and procedures, resources, and expectations. A second programming track is hosted by first year students living on campus learn information on the above topics from a diverse array of campus partners. Programs such as 'Cops and Kegs' and 'Healthy Relationship Tips' took place on a monthly basis rotating through each of the first-year residence halls. These programs were overseen by the Assistant Director for Residential Engagement, and presented by staff members from University Health Services and the Gender Equity Center. The third programming track includes Resident Assistants sharing information or coordinating campus partners to present on the topics above. On average, the Peer Health Educators from Health Services brought in programs such as 'Sips and Sex' and 'Condom Carnival' twice a month in Boise State’s seven different residential communities. Additionally, prevention methods and tips were displayed throughout the residential community bulletin boards on a monthly basis. To learn more about these programs, contact Housing and Residence Life staff at (208) 447-1001.

**SIGMA:** In partnership University Health Services, the Student Involvement and Leadership Center presents an alcohol education program for students of the fraternity and sorority life community. The program is titled SIGMA (Students Improving Greek Management of Alcohol) and is offered to new members the semester they join the fraternity and sorority community. During this program, students learn information such as standard drink sizes, what classifies binge drinking, consent as it relates to sexual activity and how drinking can impair judgment and decision-making. It
also discusses ways to assist peers who have drunk too much and includes a case study where the students discuss the various ways someone could have interfered during the story that would have saved the woman described in the case study. To learn more or request a training, contact the Student Involvement and Leadership Center at (208) 426-1223.

**Social Media:** The Boise State Department of Public Safety regularly publishes crime information on its Facebook, Twitter and Department webpage. This content typically includes information about a variety of crimes and crime prevention but specifically addresses sexual assault, relationship violence and stalking. Published content also typically includes information about risk reduction, bystander intervention, crime reporting options and campus resources. Additionally, the Department of Public Safety may, depending on the circumstances, work in concert with other campus Departments to organize public information forums that provide information and resources to address ongoing or serious issues taking place on or around campus. Follow the Department of Public Safety on Twitter at @BSUPublicSafety, on Facebook at Boise State University Department of Public Safety, or visit the Department homepage at [https://www.boisestate.edu/publicsafety/](https://www.boisestate.edu/publicsafety/).

Boise State University also hosts outside groups and organizations to aid in crime prevention and awareness programming. The Boise Police Campus Patrol Unit and the Boise Police Crime Prevention Unit are actively involved in reaching out to the Boise State campus community to provide crime prevention education. The issues of sexual assault, domestic violence, dating violence and stalking, along with general crime prevention information, are all topics covered in crime prevention and personal safety programming that the Boise Police Department offers to the Boise State campus community.

**Personal Safety and Awareness Training:** This class is presented by the Boise Police Department, Crime Prevention Unit in classroom/presentation style and is usually held in the Recreation Center generally on request or on as needed basis. This class covers the issues of sexual assault, relationship violence, stalking and other prevention material dealing with personal safety, including tips and suggestions for home, work, or school activities. The class is designed to increase and instill empowerment, mindset, and awareness of attendees. It also provides hands-on techniques when having to physically protect oneself. This class is also available to all other students, faculty and staff upon request. To request this class, please contact Stephanie Kendall at skendall@cityofboise.org or call (208) 570-6073.

**Campus Patrol Unit Training:** The Boise Police Campus Patrol Unit offers regular presentations and training to various student groups and athletic teams. These trainings typically occur a few times each semester and are done on an as-requested basis. Training provided includes sexual assault, relationship violence and stalking awareness and prevention information that is tailored to the group requesting the training. Topics covered also typically include information on bystander intervention, risk reduction, and an explanation of Boise Police resources and processes. To request a presentation, contact the Boise State Department of Public Safety at (208) 426-6911.
Idaho Coalition Against Sexual & Domestic Violence Programs: Another local resource that Boise State partners with for programming on campus is the Idaho Coalition Against Sexual & Domestic Violence. Over the past year, members of the Idaho Coalition Against Sexual & Domestic Violence have regularly presented on programs to the campus community covering domestic and sexual violence awareness, bystander intervention, stalking, threat assessment and Title IX. This included facilitating two (2) ninety-minute primary prevention workshops with male football and basketball student-athletes, two (2) awareness workshops with all freshman student-athletes and one (1) male responsibility project around risk reduction. To request resources or training, contact the Idaho Coalition Against Sexual & Domestic Violence at (208) 384-0419 or by email at info@engagingvoices.org.

Women’s and Children’s Alliance Programs: The Women’s and Children’s Alliance (WCA), a local organization that provides safety, healing and freedom from domestic abuse and sexual assault, offers primary prevention, bystander intervention, risk reduction and general awareness programming to the campus community upon request. The WCA continues its relationships with the Alpha Chi Omega sorority and Alpha Kappa Lambda fraternity on campus. Events occur primarily during the fall semester and include many awareness tabling events and presentations on campus during October which is Domestic Violence Awareness Month. Both organizations host fundraising/awareness raising events in October and November. These activities are generally targeted towards students, yet anyone on campus is exposed to the events. During the Spring Semester of 2019, the WCA worked closely with university classrooms to create a program for the entire month of April which is Sexual Assault Awareness Month (SAAM). This year’s theme for SAAM was “I Ask.” The students were focused on peer-to-peer prevention, awareness, risk reduction and intervention. Their work was recognized by the Provost’s Office and on local news channels. The students spent 599 hours on the following programs which included four separate week long programs; Safety week (April 1-5): a panel sexual assault/consent/prevention and information about resources on campus and in the Boise community, Healing week (April 8-12): a Hope Wall where people can post signs notes with their own stories or messages of support/allyship and a Clothesline demonstration on the Quad, Freedom week (April 15-19): campus trainings on consent, allyship, and bystander intervention, interested students, faculty and staff and partner with Take Back the Night, CommUNITY Week(April 22-26): chalk art piece to symbolize community coming together against the issue of sexual assault combine with closing event with a speaker from the WCA and Denim Day partnership with Alpha Chi Omega and WCA promoting prevention, awareness and intervention. Additionally a month long campaign to include a feminine hygiene product drive, tabling with the WCA and Gender Equity Center, and social media blasts.

Students may also register and receive 1-2 credits by attending a certain number of hours of workshops and completing a final learning assessment. The content of the workshops varies each year, but frequently offered topics include: victims’ rights, intimate partner violence, dating abuse, stalking, sexual violence, child abuse, trauma, and victim services. In addition to these workshops conducted by academic and practitioner experts in the field, documentaries on a variety of topics related to victimization are also shown. Victims’ Rights Week workshops are held on campus every other spring. Workshops were held in April of 2019 and are anticipated to be held again during April of 2021. For further information about the workshops please email crimjust@boisestate.edu

Bystander Intervention

Bystanders play an important role in the prevention of sexual assault, dating and domestic violence and abuse, and stalking. Bystander intervention is a way for the whole community to ensure the safety of all its members. This means we can all make a difference by choosing to speak out, intervene, or do something when we hear disrespectful jokes or comments or witness disrespectful or harmful actions. Intervening is as simple as saying, “That’s not funny,” or as urgent as dialing 911 if you or someone else is in danger. Below is a list of some other ways you can look out for your community members through being an active bystander. To request bystander intervention training, contact the Boise State Gender Equity Center at (208) 426-4259. The definition of Bystander Intervention can be found in Appendix A.

- Watch out for your friends and fellow Boise State community members. If you see someone who appears as if they are in trouble or need help, ask them if they are ok.
- Confront people who seclude, make sexual advances towards, or try to have sex with people who are incapacitated by drugs or

Risk Reduction

Risk reduction programs typically focus on ways that can identify potentially harmful situations and risks. The definition of Risk Reduction can be found in Appendix A. Risk reduction programming includes self-defense classes and safety programs, which examine the tactics that perpetrators use to compromise situations and force or coerce attacks. While risk reduction programs may assist in mitigating some known risks, they cannot prevent an attacker from committing acts of violence. Recognizing that the perpetrator of violence or abuse is the sole party responsible for that behavior and that victims are never to blame, the following are some strategies to reduce one’s risk of sexual violence.

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don’t know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, try and leave or get out of the situation.
- Keep a charged cell phone with you. If you see something suspicious, call law enforcement by dialing 911.
- Avoid situations where you would be isolated with someone you don’t know or trust.
- Avoid putting headphones in both ears so you can be more aware of your surroundings, especially if you are walking alone.
- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together.
- Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you have left your drink alone, just get a new one.
- Don’t accept drinks from people you don’t know or trust. If you choose to accept a
drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from punchbowls or other large, common open containers.

- Watch out for your friends, and ask your friends to watch out for you. If a friend seems out of it, is more intoxicated than they should be given the amount of alcohol they’ve had, or is acting out of character, get them to a safe place immediately.
- If you suspect a friend has been drugged, contact law enforcement immediately by dialing 911.
- When entering new and unfamiliar space identify escape routes. How would you try to get out of the room if you needed to? Where are the doors and windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

Procedures for Reporting a Sexual Assault, Domestic Violence, Dating Violence, and Stalking

If you or a friend experienced sex or gender-based violence, including sexual assault, domestic violence, dating violence or stalking, Boise State recommends you consider taking the following steps:

1. **Go to a safe place** as soon as possible and speak with someone you trust about what happened.
2. If you have been sexually assaulted or are the victim of domestic violence, dating violence, or stalking, we encourage you to report this crime to one of the following, but ultimately the choice of whether to report and to whom to report is yours:
   a. **In an emergency situation**, including situations where there is a possible ongoing risk to others, **always call 9-1-1**
   b. **The Department of Public Safety** may be reached 24-hours a day at (208) 426-6911 or by activating a blue emergency phone located throughout the main campus. You can also make a report in-person at the Department of Public Safety Office located at 2245 University Drive, Boise, Idaho. The Department of Public Safety and Boise Police provide the Boise State University Title IX Coordinator information on reports of gender-based violence involving University community members.
   c. **The Title IX Coordinator** may be reached by phone at (208) 426-1258, by email at ReportDiscrimination@boisestate.edu, or in-person at Riverfront Hall, Suite #306 at 1987 Cesar Chavez Drive, Boise, Idaho 83706. You may also file a report through an online University reporting form found at: https://secureforms.boisestate.edu/institutionalcompliance/discrimination-and-harassment-complaint-form/. Finally, a report may be filed by contacting the EthicsPoint Hotline toll-free at 1-855-863-1299 or https://secure.ethicspoint.com/domain/media/en/gui/37887/index.html
3. Victims of sexual assault, sexual misconduct, dating violence, domestic violence or
stalking offenses have several reporting options as seen in this graphic. This includes the option to notify on-campus and local law enforcement authorities about the offense, the option to be assisted by campus authorities in notifying law enforcement if they choose to do so, and the option to decline to notify such authorities. Boise State will comply with a student’s request for assistance in notifying authorities. If you prefer to contact a campus resource outside of the Department of Public Safety to learn about your rights on campus, receive assistance and referrals for supportive services, and discuss formal reporting options, including the option to notify on-campus authorities and local law enforcement, options include:

a. The Title IX Coordinator, (208) 426-1258. The Title IX Coordinator can meet with you to explain your rights, provide referrals, and discuss and the University’s investigation and disciplinary process before you provide information regarding your experience. If you choose to provide information regarding your experience to the Title IX Coordinator, an investigation may have to be conducted, regardless of your wishes, if there is an indication of an ongoing threat to you or other members of the campus community. This investigation is University-based and is completely separate from any criminal investigations of the same incident. Physical evidence or other documentation is not required to report incidents to the Title IX Coordinator.

b. The Boise State Gender Equity Center, (208) 426-4259. A social worker at the Gender Equity Center can meet with you in person or talk with you on the phone to discuss your options, as well as provide assistance and information on reporting to police, filing a complaint with the University, accessing medical, counseling, and other supportive services. Services provided by a Gender Equity Center social worker can be done in a confidential manner and are free.

4. In order to help prevent victimization of other people, the University may notify the campus community of offenses reported to it. These University notifications are rare and do not include the name of a reporter or victim. In addition, the University will include the statistics of such offenses in this report each year.

5. Preserve evidence. It is important to preserve evidence of any gender or sex-based offense, as such evidence may be necessary proof to prosecute the accused and may also be helpful in obtaining a civil protection order.

a. To preserve evidence of sexual assault, please consider the following:

i. Forensic evidence collection (a sexual assault exam) should be sought within 96 hours of an assault and is best collected immediately following the incident. Technological advancements make it more likely that medical professionals can collect evidence even after 96 hours following an assault; however, it is important to remember that the more time passes between the incident and seeking an exam, the less likely it will be to collect physical evidence that may be very important to the prosecution of a criminal case. Locations where a sexual assault exam can be conducted by trained medical staff can be found in the resource section below.
ii. Additionally, to preserve other evidence in the case of sexual assault, it is recommended that you do not shower or bathe, wash your hands, use the toilet, douche, eat, drink, smoke, brush your teeth, change clothing, or wash clothing or bedding before a medical exam or reporting to law enforcement. But, even if you have already taken any of these actions, you are still encouraged to seek medical care and examination. Also, keep emails, text messages, social media postings, or any other digital information about the incident or other methods of contact from the accused that help document what happened.

iii. If you wish to make a report to the police, or if you wish to have evidence collected so you can make this decision later, you may seek services by calling the local police dispatch number or contacting a local family justice center. FACES of Hope Victim Center (the family justice center located in Boise) (577-4400) facilitates sexual assault forensic examinations for the Treasure Valley and is located near the main Boise State campus. There is no direct cost to the victim to receive a sexual assault forensic exam, and you do not need to file a police report in order to obtain one.

iv. It is preferred that a police department facilitates the collection of other forensic evidence. However, if you are not sure if you want to report to the police or if it has been longer than 96 hours after the assault, you may wish to gather all clothing and bedding that may be used for evidence and place them into a clean paper bag or clean sheet. Items should be stored at room temperature until you decide whether or not you want to report to law enforcement. To protect the integrity of the evidence, do not store items in plastic bags or other similar, non-breathable materials.

b. In cases of dating or domestic violence or abuse, the resource you choose to report the behavior to (a doctor, the police, an advocate, etc.) may recommend ways to preserve evidence such as logging incidents, photographing injuries, seeking medical care, et cetera. If you do not want to report the abuse, keep records of incidents (pictures, journals, voice mail, text messages, and the like) in a secure location that cannot be accessed by your partner.

c. Information on how to document stalking is available at http://www.victimsofcrime.org/docs/src/stalking-incident-log_pdf.pdf?sfvrsn=4. In addition to logging unwanted contact, an advocate or police officer may recommend you save and photograph unwanted text messages, emails, letters and gifts and store them in a secure location.

6. **Seek medical attention.** For your safety and wellbeing, immediate medical attention is encouraged after experiencing dating/domestic violence or sexual assault. Further, being examined as soon as possible is important. FACES of Hope Victim Center (located at 417 S. 6th Street, phone number 208-577-4400) is a specialized facility close to campus with experienced nurses and physicians trained to conduct sexual assault forensic exams.
The facility also employs a physician who specializes in providing services for victims of domestic violence. If you have a significant injury requiring immediate medical attention, you should go to an emergency room at Saint Alphonsus or St. Luke’s hospitals; both have response teams specially trained to assist victims of sexual assault and domestic violence. If you do not have injuries or your injuries are minor, hospital staff or law enforcement may transport you to FACES for services. It is recommended that you seek medical treatment, regardless of whether or not you report the incident to the police. Non-emergency medical services are available at the Boise State Health Center, located on the 2nd floor of the Norco Building at 1529 Belmont Street, Boise, Idaho. They can be reached by phone at (208) 426-1459.

7. When an incident is reported at a hospital, a police detective may come to talk to you along with a Victim/Witness Coordinator (an employee of the city/county that works with the investigating law enforcement agency and the prosecuting attorney’s office to assist you through the judicial process). Boise State encourages its community members to report all crimes to law enforcement; however, know that you do not have to talk to a police officer at the hospital.

8. **Seek counseling or other support.** Even after reporting to law enforcement and/or getting medical attention, consider seeking counseling or other support. In addition to the Gender Equity Center and the Title IX Coordinator, there are many services available on campus and in the community to support students and employees in crisis, including counseling, health, mental health, victim advocacy, legal assistance, and visa and immigration services as found in the [resource section below](#). You can call Boise State University Counseling Services or Boise State University Health Services at (208) 426-1459 (confidential services) during weekday business hours. In Boise, there are confidential 24-hour sexual assault and domestic violence crisis lines operated through the Women’s and Children’s Alliance. The sexual assault crisis line is (208) 345-7273 and the domestic violence crisis line is (208) 343-7025. The hotlines are available to respond to anyone’s concerns and provide referral information.

If the perpetrator is a military member, on-base court martial proceedings will be initiated.

Filing a Complaint With the University

Campus community members who feel they have been the victim of sexual assault, domestic/dating violence, or stalking have the right to file a complaint with the University at any time. This can be done in addition to or in lieu of filing a criminal complaint, and can be done even if police conclude they do not have sufficient evidence for a criminal violation. A complaint of this nature against a student, employee, or other University community member should be filed with the Title IX Coordinator by phone at (208) 426-1258, by email at ReportDiscrimination@boisestate.edu, or in-person at Riverfront Hall, Suite #306 at 1987 Cesar Chavez Drive, Boise, Idaho 83706. A report may also be filed through an online University reporting form found at: https://secureforms.boisestate.edu/institutionalcompliance/discrimination-and-harassment-complaint-form/. Finally, a report may be filed by contacting the EthicsPoint Hotline toll-free at 1-855-863-1299 or https://secure.ethicspoint.com/domain/media/en/gui/37887/index.html.

The policy governing the investigation and adjudication of sexual assault, domestic/dating violence and stalking is University Policy 1065: Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence and Stalking (“Policy 1065”). The University utilizes the preponderance of the evidence standard to determine whether or not Policy 1065 was violated. The preponderance standard is met when the evidence demonstrates that a particular fact or event was more likely than not to have occurred. The University official designated to conduct and/or oversee investigations under Policy 1065 is the Title IX Coordinator, who is housed within the Office of Institutional Compliance and Ethics. The Title IX Coordinator or designee will complete a prompt, thorough, and impartial investigation. Other employees shall not take it upon themselves to investigate such claims. Therefore, whenever a University employee (except those that are designated confidential reporting resources as noted in the resources section of this document) receives information regarding such an incident, that employee must report that information to the
Resources, Accommodations and Protective Measures

When a student or employee reports to Boise State that they have been the victim of a sexual assault, domestic violence, dating violence or stalking, whether the offense occurred on or off-campus, the University will provide them with a written document explaining their rights, options, resources and procedures victims should follow if such a VAWA crime occurred. A hard copy of the document can be requested through the Office of Institutional Compliance and Ethics by calling (208) 426-1258. This document includes information about the importance of preserving evidence that may assist in proving the alleged criminal offense occurred or that it could be helpful in obtaining an order of protection. This document also includes written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to victims, both within the University and in the community. Additionally, the document contains information about the procedures for initiating institutional disciplinary action in cases of alleged sexual assault, domestic violence, dating violence and stalking.

The document also includes written notification to victims of sexual assault, domestic violence, dating violence and stalking about options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures. Accommodations and protective measures may include class schedule changes, incompletes, or withdrawals; altering housing assignments, dining arrangements, or other campus services; changes to work assignments, work schedule, supervisory responsibilities, or work location; and other assistance such as No Contact Orders, campus security escorts, transportation assistance, changes to parking zones, targeted interventions, etc. In all cases, safety is a top concern.

Boise State will make such accommodations or provide such protective measures if the victim requests them and are reasonably available, regardless of whether the victim chooses to report the crime to the Department of Public Safety or any other law enforcement agency. The Title IX Coordinator or designee determines which accommodations and other measures to provide based on each incident’s individual circumstances and the needs and wishes of the requesting party. Requests for protective measures and changes to academic, work, living, and transportation situations can be made by contacting the Title IX Coordinator at (208) 426-1258 or by emailing reportdiscrimination@boisestate.edu.

extent that maintaining such confidentiality does not impair the ability of the University to provide the accommodations or protective measures in a timely manner. The Title IX Coordinator or designee will determine what information is shared, and with whom it is shared, on a need to know basis and in light of the unique circumstances of each case. Additionally, any public release of information, including that to comply with Clery Act provisions such as the Campus Crime Log, Annual Security Report or issuing campus alerts, will not include the names of victims or information that could easily lead to a victim’s identification. During investigations, all parties to an investigation, including witnesses, are notified of the University’s expectation of confidentiality. Once an investigation is complete, the investigation outcome and any resolution by the University are maintained with Complainant and Respondent privacy in mind. Where information must be shared to permit the investigation to move forward or to provide an accommodation or protective measure, the victim will be informed which information is shared, with whom it is shared and why. Privacy of the records specific to the investigation is maintained in accordance with Idaho law and federal Family Educational Rights and Privacy Act of 1974 FERPA statute, as well as any other applicable law or regulation.

Rights of Complainants

A Complainant\(^5\) has the right to:

1. Be treated in accordance with the University’s Shared Values.
2. Be fully informed of and participate in all steps in the grievance process.
3. Report conduct prohibited under Policy 1065 to local law enforcement but not file a complaint with the University.
4. Report conduct prohibited under Policy 1065 to local law enforcement and file a complaint with the University. (If an alleged policy violation is also the subject of a law enforcement investigation, the University may suspend its investigation for a period not to exceed 10 days to avoid interfering with law enforcement’s investigation.)
5. File a complaint only with the University and request that the University investigate the matter.
6. File a complaint only with the University but request that the University not take any action other than to provide support services.

   a. If the University believes that a Respondent presents an ongoing threat to the University community, it may determine that its obligation to safeguard the University community overrides the Complainant’s wishes not to commence a formal investigation.

\(^5\) Complainant is an individual who is reported to have experienced conduct prohibited by University policy, regardless of whether the individual makes a report or seeks disciplinary action. When the University believes that an individual represents an ongoing threat to the University community, but the Complainant does not want to pursue a complaint, the University may assume the role of Complainant.
investigation. If the University determines this to be the case, the Title IX Coordinator will notify the Complainant in advance of commencing a formal investigation. In such a case, the Complainant is not obligated to participate in the investigation. If a Complainant elects not to participate, the University will assume the role of Complainant.

When weighing requests not to commence a formal investigation, the Title IX Coordinator will consider a number of factors, including but not limited to:

– The seriousness of the alleged prohibited conduct
– The respective ages and roles of Complainant and Respondent
– Whether there have been other complaints or reports of harassment or misconduct against Respondent
– Whether circumstances suggest there is an increased risk of Respondent committing additional acts of sexual violence or other violence
– Whether Respondent has a history of arrests or records from a prior school indicating a history of violence
– Whether Respondent threatened further sexual violence or other violence against Complainant or others
– Whether the sexual violence was committed by multiple perpetrators
– Whether the circumstances suggest there is an increased risk of future acts of sexual violence under similar circumstances
– Whether the sexual violence was perpetrated with a weapon
– Whether the institution possesses other means to obtain relevant evidence (e.g., security cameras or personnel, physical evidence)

In all other cases, the University will obtain the Complainant’s consent before commencing an investigation.

7. Request that the Title IX Coordinator seek an informal resolution to a complaint. If a Complainant initially elects to participate in an informal resolution process, they retain the right to withdraw from the informal resolution process before it is complete and request a formal investigation.
8. Have an advisor of the Complainant’s choice accompany Complainant to all meetings, interviews and proceedings.
9. Have a complaint alleging a violation of Policy 1065 processed in accordance with this policy.
10. Have an equal opportunity to provide information, names of witnesses and other evidence to the investigator.
11. Review and respond to the investigator’s written summary of information provided by
other parties to the complaint.

12. Access University academic and support services and receive referrals to external support resources (for example, the Employee Assistance Program).

13. Request interim measures including but not limited to:

a. A University-based no contact order, limiting Respondent’s ability to communicate with, or otherwise contact, Complainant either directly or through a third party.
b. Academic accommodations, such as course withdrawals or incompletes.
c. For University employees, work assignments, work schedule, supervisory responsibilities, or work location changes.
d. For students, altering housing assignments, dining arrangements, or other campus services for Complainant and/or Respondent.
e. Campus security escorts.

When granted, interim measures will remain in place until: 1) the investigation is complete and the investigator determines no policy violation occurred; 2) the investigator determines a policy violation occurred and the sanctioning process is completed; or 3) the Title IX Coordinator notifies Complainant and Respondent in writing that the interim measures are no longer in effect.

14. Request a review or modification of interim measures. Such requests should be submitted to the Title IX Coordinator at (208) 426-1258 or reportdiscrimination@boisestate.edu.

15. Be free from retaliation.

16. Be informed in writing of the findings of fact and outcome of the complaint.

17. Be informed of and have an equal right of appeal.

Rights of Respondents

A Respondent has the right to:

1. Be treated in accordance with the University’s Shared Values.
2. Be fully informed of and participate in all steps in the grievance process.
3. Have an advisor of the Respondent’s choice accompany them to all meetings, interviews and proceedings.
4. Access University academic and support services and receive referrals to external support resources (for example, the Employee Assistance Program).
5. Respondents who are not employed by the University may decline to participate in an investigation. If a non-employee Respondent declines to participate in an investigation, the investigator will decide as to whether a policy violation

6 The Respondent is the individual, individuals or group alleged to have engaged in conduct prohibited by University policy.
has occurred based on other information gathered in the course of the investigation.

6. Decline to participate in the informal resolution of a complaint in favor of a formal investigation. A Respondent also retains the right to withdraw from the informal resolution process before it is complete and request a formal investigation.

7. Have an equal opportunity to provide information, names of witnesses and other evidence to the investigator.

8. Review and respond to the investigator’s written summary of information provided by other parties to the complaint.

9. Request interim measures including but not limited to:
   
a. A University-based no contact order, limiting Complainant’s ability to communicate with, or otherwise contact, Respondent either directly or through a third party.
   
b. Academic accommodations, such as course withdrawals or incompletes.
   
c. For University employees, work assignments, work schedule, supervisory responsibilities, or work location changes.
   
d. For students, altering housing assignments, dining arrangements, or other campus services for Complainant and/or Respondent.
   
e. Campus security escorts.

When granted, interim measures will remain in place until: 1) the investigation is complete and the investigator determines no policy violation occurred; 2) the investigator determines a policy violation occurred and the sanctioning process is completed; or 3) the Title IX Coordinator notifies Complainant and Respondent in writing that the interim measures are no longer in effect.

10. Request a review or modification of interim measures. Such requests should be submitted to the Title IX Coordinator at (208) 426-1258 or reportdiscrimination@boisestate.edu.

11. Be informed in writing of the findings of fact and outcome of the investigation.

12. Be informed of and have an equal right of appeal.

Advisors

Both Complainant and Respondent have the right to be accompanied by an advisor of their choice when attending any meeting, interview or proceeding that takes place pursuant to this policy. An advisor may take notes and quietly confer with the party being advised, but may not speak on behalf of the party or in any way disrupt any meeting or proceeding. Advisors who fail to adhere to these requirements will be asked to leave the meeting or proceeding. Witnesses or other parties involved in the investigation or adjudication process are not permitted to serve as advisors and are
Complainant or Respondent may choose to retain an attorney or other paid professional to act as an advisor in this process. However, each party shall be solely responsible for paying any fees charged by the advisor, and all advisors are required to adhere to the requirements above regardless of whether they are being compensated. The University has several trained advisors who can be appointed at the request of the Complainant or Respondent.

**Alcohol and Drug Amnesty**

Because the University seeks to encourage individuals to report potential violations of this policy and fully participate in the investigation of potential violations of Policy 1065, individuals will not, on the basis of evidence they provide in the course of an investigation, be charged with drug or alcohol violations under applicable University policies for offenses that occurred contemporaneously with the incident(s) under investigation.

**Investigation Process**

1. **Intake.** Once a complaint alleging that Policy 1065 has been violated is received by the Office of Institutional Compliance and Ethics, an investigator will be assigned within **seven (7) calendar days** to meet with the Complainant or Reporter. The investigator will provide information about support services, Policy 1065, the investigation process, and gather information about the allegations and determine whether the alleged behavior constitutes a potential violation of Policy 1065. If so, the investigator will commence a formal investigation.

   If the investigator determines that no formal investigation is required, the investigator will provide the reasons for this determination in writing. For example, in some cases there is not enough information available to make a baseline determination that Policy 1065 applies (i.e. it may be unclear that the alleged harassment was on the basis of sex, gender expression or identity, or sexual orientation). In other instances, the issue reported can be resolved informally or through other processes and will be referred to other campus departments without an investigation.

2. **Notice.** The investigator will notify the Respondent of the nature of the allegations generally within **ten (10) calendar days** of notice of a complaint by issuing a formal notice of allegations, typically sent by email. The notice will include: (a) information regarding the allegations of conduct prohibited under Policy 1065 including the date, location and a description of the conduct alleged to violate Policy 1065; (b) the name of the Reporter and/or the Complainant; (c) a clear statement of the interim measures being implemented at the time of the notice, if any; (d) the University’s policy

7 Reporter is an individual who reports alleged prohibited conduct but who is not the individual who is alleged to have experienced the prohibited conduct.
prohibiting retaliation against individuals who file discrimination complaints or cooperate in the University’s investigation of discrimination complaints; (e) information regarding the investigation process; (f) information regarding investigation timelines; (g) notice of Respondent’s rights under this policy, including the right to an advisor of Respondent’s choice at all stages of the process; and (h) information regarding support services. If the notice is delivered in person, Respondent will be instructed to schedule an initial interview at a later date in order to allow Respondent sufficient time to secure an advisor and fully consider and understand the information provided in the notice.

In order to help ensure that investigations are completed within the stated timeframes, Respondent has three (3) University business days from receipt of the notice to contact the Office of Institutional Compliance and Ethics to schedule a meeting to discuss the allegations set forth in the notice. If the notice is sent via email, the notice will be considered received on the date that it is sent. If a notice is sent via certified mail, it is considered received three (3) University business days after the date it is mailed. If a student Respondent does not respond within seven (7) University business days of receiving the notice, the investigator may proceed with the investigation without input from the Respondent. If an employee Respondent does not respond within seven (7) University business days of receiving the notice, the University may initiate disciplinary action.

3. No Contact Order and Other Interim Measures. The investigator may issue a University-based No Contact Order and implement other interim measures at the time the notice is issued. Either party may request interim measures, but interim measures will not disproportionately impact the Complainant or used a means of retaliation for filing a complaint. A violation of a No Contact Order is a separate violation of Policy 1065 and should be immediately reported to the investigator to determine whether it will result in an additional charge of retaliation under this policy. In that event, the retaliation charge may, at the discretion of the Title IX Coordinator, be added to an ongoing investigation, or it may result in a new complaint under this policy being initiated. The violation of a No Contact Order may be considered when determining sanctions or disciplinary action.

4. Informal Resolution. Informal resolutions may be useful for addressing concerns when a Complainant does not want an investigation; when a formal process would not result in a satisfactory resolution; when conditions exist that do not violate the policy but nonetheless are impacting Complainant; or when education and training, mediation, or other cooperative processes are appropriate to resolve the matter.

At the discretion of the investigator, in consultation with the Title IX Coordinator, informal processes may be used at any time during the investigation process. Informal processes include but are not limited to facilitated dialogue, mediation, and restorative justice. In all cases, informal processes may only be used when both Complainant and Respondent voluntarily agree to pursue an informal or alternative resolution. Informal or alternative resolutions must be consistent with the University’s obligations under federal and state law, the Student Code of Conduct and other applicable University policies.
Before allowing parties to use an informal resolution process, the investigator and Title IX Coordinator must determine that an informal or alternative approach is consistent with the University’s obligations under the law, institutional policies, and institutional values – to stop inappropriate behavior, end harassment, prevent harassment from happening again, and address or remedy its effects. If both parties agree to an informal resolution process, then the formal process will generally be placed on hold for a reasonable period of time to determine whether an informal resolution process will be successful. The Office of Institutional Compliance and Ethics will use its best efforts to complete the informal resolution within forty-five (45) business days from receipt of the complaint.

If parties do not reach an agreement in an informal or alternative process, the Complainant may pursue whatever formal process was initially available to them. In other words, Complainants do not waive their right to pursue formal resolution simply by participating in an informal or alternative process. If informal or alternative resolution is successful, both parties will be provided with appropriate notification as to the resolution achieved. Once a complaint has been resolved informally and the matter has been closed, the Complainant may not request a formal resolution/investigation of the same matter.

5. **Formal Investigation.** Reports of alleged misconduct in violation of Policy 1065 will be investigated in a fair, impartial, thorough and prompt manner. The investigator serves in a non-advocacy role as a neutral finder of fact. In the course of the investigation, each party will have the opportunity to provide information, including witnesses and evidence (including but not limited to emails, written documents, photographs, social media posts), relevant to the allegations set forth in the notice. The investigator may need to meet with Complainant and Respondent more than once in order for each party to have an adequate opportunity to respond to new information obtained in the course of the investigation.

6. **External Investigator.** The Title IX Coordinator may retain an investigator from outside the University to investigate any complaint under Policy 1065.

7. **Investigation Summary.** The investigator will prepare an investigation summary which will include relevant information from each interview conducted by the investigator and any other evidence gathered in the course of the investigation. Information regarding the parties’ sexual history or medical/mental health issues that are not relevant to the complaint will not be included in the summary. Both Complainant and Respondent will be sent a written copy of the investigation summary on the same date, and each party will be given a reasonable period of time (generally not to exceed five (5) University business days) to submit a written response to the investigation summary to the investigator.

The investigator will consider the written responses provided by each party when drafting the investigation report, noting any discrepancies as appropriate. Both parties’ responses will be incorporated into the report as attachments. Any effort, by either party, to distribute, reproduce, alter,
post, or otherwise circulate the investigative summary may result in a charge of a violation of this policy and may result in a policy violation determination and sanctions pursuant to the processes outlined in this policy.

8. Investigation Timeline. The time required to complete a formal investigation will vary based on the nature and complexity of the allegations. The Office of Institutional Compliance and Ethics will use its best efforts to complete the investigation within **forty-five (45) business days** from receipt of the complaint. Delays in the process will be communicated by the investigator to both Complainant and Respondent in a timely manner.

9. Final Investigation Report. The investigator will draft an investigation report with findings of fact and a determination of whether, based on a preponderance of the evidence, Policy 1065 has been violated. The Title IX Coordinator will review the draft investigation report before it is finalized to determine if the findings of facts support the investigator’s determination regarding whether Policy 1065 was violated. The Title IX Coordinator will then either (1) approve the draft report becoming the final investigation report (if the policy violation determination is supported by the findings of facts); or (2) find that the investigator’s determination regarding whether there was a violation of Policy 1065 is not supported by the findings of fact and reach a different determination concerning the alleged policy violation, which will be set forth in an addendum to the final investigative report; (3) direct the investigator to conduct additional fact finding following the same investigation process outlined in Policy 1065. In such a case, the investigator will submit another draft investigation report at the conclusion of the additional fact finding. The draft investigation report will then be reviewed by the Title IX Coordinator following the same process and criteria outlined above before issuing the final investigative report.

If the Title IX Coordinator acts as the investigator, the Director of Equity and Inclusion or AVP for Campus Operations will fulfill the Title IX Coordinator’s review responsibilities outlined in this section.

10. Outcome Notice. The Complainant and Respondent will be informed, in writing, of the investigator’s findings of fact and Title IX Coordinator’s determination regarding whether there was a violation of Policy 1065 in an outcome notice issued in accordance with applicable privacy laws. As nearly as possible, both parties will be informed of the outcome simultaneously.

11. Policy Violation. If an investigation results in the determination that Policy 1065 was violated, the final investigation report will, for student Respondents, be forwarded to the Office of the Dean of Students to determine appropriate sanctions, or for employee Respondents, to Human Resources for disciplinary action.

12. If a student Complainant or Respondent believes the University has failed to investigate the alleged policy violation in accordance with law or policy, a complaint may be filed with:
13. **Appeal of Policy Violation Determination – Students.** If the Title IX Coordinator determines that the findings of fact do not support a violation of Policy 1065, a student Complainant may appeal this determination to an Appellate Board. If the Title IX Coordinator determines that the findings of fact do support the determination of a violation of this policy, a student Respondent may appeal this determination to an Appellate Board after the Title IX Sanctioning Board issues a sanction decision as described below.

**Sanctioning Process - Students**

In cases where the Respondent is a student and a determination that a violation of Policy 1065 occurred, a copy of the final investigation report will be sent to a Student Conduct Administrator (“SCA”) in the Office of the Dean of Students. The SCA will convene a Title IX Sanctioning Board to determine appropriate sanctions. The Title IX Sanctioning Board will use their best efforts to complete the sanctioning process within **thirty (30) days** from the time the final investigation report is received.

1. **Title IX Sanctioning Board.** The SCA will convene the Title IX Sanctioning Board and set a
date for a Sanctioning Conference. The Title IX Sanctioning Board will consist of 3-5 University faculty or staff members who receive annual training on Title IX matters. A minimum of three (3) Title IX Sanctioning Board members is required to conduct a Sanctioning Conference.

2. Notice of Sanctioning Conference. The SCA will send a copy of the Final Investigation Report and Notice of Sanctioning Conference to Complainant and Respondent via email no later than ten (10) business days prior to the Sanctioning Conference date. Complainant and Respondent are notified in the Notice of Sanctioning Conference that they have an opportunity to meet individually with the SCA for a Pre-Sanctioning Conference meeting.

The Notice of Sanctioning Conference will include the names of the Title IX Sanctioning Board members. Each party has two (2) business days from the date the Notice of Hearing is emailed to challenge any of the Title IX Sanctioning Board members on the ground of perceived bias. To challenge a Title IX Sanctioning Board member, a party must submit a concise written statement (no more than one page) stating the reason(s) for the challenge and why the Title IX Sanctioning Member is perceived to be biased against the party. The SCA will review any challenges received and determine if the challenged Title IX Sanctioning Board member needs to be replaced.

3. Pre-Sanctioning Conference. Each party may contact the Office of the Dean of Students to arrange a Pre-Sanctioning Conference meeting with the SCA. The non-redacted Final Investigation Report may be viewed in person by either party at their Pre-Sanctioning Conference meeting. Both parties may submit a written impact statement to the Title IX Sanctioning Board, due at least five (5) business days prior to the day of the Sanctioning Conference. A Pre-Sanctioning Conference packet will be made available to both parties and the Title IX Sanctioning Board members at least three (3) days prior to the scheduled Sanctioning Conference.

4. Advisors. Each party is permitted one (1) advisor to accompany the party at the Sanctioning Conference. No less than two (2) business days prior to the Sanctioning Conference, each party intending to have an advisor present at the Sanctioning Conference must submit to the SCA written notice identifying who will accompany them as their advisor. The role of advisors is limited, in accordance with University Policy 2020 and the applicable provisions of this policy.

5. Sanctioning Conference. Participation in the Sanctioning Conference is voluntary for both Complainant and Respondent. The Sanctioning Conference will proceed with or without participation of the parties. Each party present will have an opportunity to make a brief (no more than ten (10) minutes) verbal statement to the Title IX Sanctioning Board. The Title IX Sanctioning Board may ask questions of each party present at the Sanctioning Conference. Parties will not be in the Sanctioning Conference room at the same time. When a party is not in the Sanctioning Conference room, that party will be able to listen to the Sanctioning Conference proceedings via phone from a separate room.

The Title IX Sanctioning Board will deliberate regarding the appropriate sanction(s) for the violation of Policy 1065. Decisions of the Title IX Sanctioning Board are determined by a simple
majority vote. The SCA may provide the Title IX Sanctioning Board with University precedent in similar cases, as well as Respondent’s history of conduct and prior sanctions, if any.

6. Sanction Decision. Within ten (10) business days after the Sanctioning Conference, the Title IX Sanctioning Board chair will notify the SCA in writing of the sanctions imposed by the Title IX Sanctioning Board. The SCA will then notify the parties via email of the Title IX Sanctioning Board’s Decision within two (2) business days of receiving such notification from the Title IX Sanctioning Board.

7. Appeals – Students. Appeals of decisions made by the Title IX Sanctioning Board may be made to an Appellate Board via the Office of the Dean of Students. When an appeal is filed, sanctions may be placed in pending status by the SCA until the appeal process has been exhausted. Select sanctions may remain implemented pending the outcome of the appeals process to ensure the safety and well-being of members of the University community or preservation of University property. Both Complainant and Respondent have the right to file an appeal of determination of a violation of Policy 1065 and/or a corresponding sanction. The University reserves the right to determine the appropriate sanctions and educational outcomes for Respondents. Decisions made by an Appellate Board are final and cannot be appealed.

All appeals must be submitted in writing, signed by the appealing party, to the Office of the Dean of Students no later than ten (10) days after the date printed on the Notice of Outcome (for Complainants appealing a determination of no policy violation) or on the Notice of Sanctioning Decision (for Respondents appealing the policy violation determination and/or sanctioning decision, or for Complainants appealing the sanctioning decision). Any exceptions to the appeal deadline are made at the discretion of the SCA or designee.

Appeals will be considered only when the appealing party alleges, in a concise written statement, at least one of the following:

i. A substantive procedural error occurred that significantly impacted the outcome of the investigation. Examples of a substantive procedural error may include substantiated bias by the investigator or material deviation from the investigation procedures set forth in this policy. A mere deviation from investigation procedures required by this policy is not a basis for considering an appeal unless significant prejudice is alleged to have resulted.

ii. The investigator erred when determining whether or not the findings of act constitute a violation of this policy.

iii. New evidence is available, which was unavailable during the investigation or sanctioning process, which could substantially impact either the determination of whether a violation of this policy occurred or the severity of the sanction.
iv. The sanctions imposed are substantially disproportionate to the severity of the policy violation.

Within **ten (10) business days** of submitting an appeal to the Office of the Dean of Students, Complainant and Respondent will receive a Notice of Appeal Consideration. The SCA or designee will determine whether the appeal meets the criteria for consideration. A decision is made based on the grounds indicated above as documented in the party’s written appeal statement. If an appeal is determined to not meet the criteria for consideration, the matter will be considered final and binding for all involved and the Notice of Appeal Consideration will reflect that decision. When the written appeal statement meets one or more of the criteria for consideration, the SCA will convene an Appellate Board to review the appeal.

The review of an appeal by an Appellate Board will occur in closed session, with no parties, witnesses, or members of the Title IX Sanctioning Board allowed to be present. With the exception of appeals alleging new information, the Appellate Board will limit itself to reviewing the written appeal, Final Investigation Report, documents used by the Title IX Sanctioning Board, and the recording of the Sanctioning Conference.

The Appellate Board will review only the grounds determined to meet the criteria for consideration and will make a determination on each such ground of appeal. The Appellate Board will base its decisions on the information presented and make a determination based on the preponderance of the evidence. Recommendations regarding appeals require a simple majority vote of the Appellate Board members.

If an appeal is determined to meet the criteria for consideration, the Appellate Board will review and discuss all pertinent aspects of the matter. The Appellate Board will then recommend to the Vice President for Student Affairs or his/her designee one of the following actions:

a. Uphold the original policy violation decision and sanctions;

b. Uphold the original policy violation decision and amend the sanctions;

c. Reverse the original determination of a policy violation or non-violation and:

   i. Send the case to the Title IX Sanctioning Board to determine sanctions, or

   ii. Determine that the findings of fact do not constitute a policy violation. This decision will be final, binding and a conclusion to the appeals process.

d. Send the matter back to the Title IX Coordinator for correction of a substantial procedural error in the investigation process. The Appellate Board will include in its decision agreed-upon sanctions should a policy violation be sustained by the Title IX Coordinator after correction of the procedural
error. This decision will be final, binding and a conclusion to the appeals process.

The Vice President for Student Affairs, or their designee, will carry out the recommendations of the Appellate Board unless a recommendation is significantly different from University precedent for similar appeals. The SCA will send both parties a Notice of Appeal Outcome within ten (10) business days of the Appellate Board convening, in accordance with applicable privacy laws. Both parties will be informed of the appeal outcome as simultaneously as possible. The Notice of Appeal Outcome is considered final and may not be appealed further at the University.

During the summer session or during University breaks, appeals may be reviewed and decided upon by an appeal body that includes one student, one faculty member, and one university official, each to be appointed by the Vice President for Student Affairs.

Possible Sanctions - Students

Student Conduct sanctions are imposed for the purposes of restoring the standards of the University Community, educating students about the seriousness of their actions, promoting positive growth, and maintaining the safety of the students involved and of the University Community. Failure to comply with sanctions imposed by a Conduct Body’s decision within the specified time period(s) may result in further and immediate sanctions. The University will consider as an aggravating factor in determining sanctions any violation of law or of the Student Code of Conduct where the Respondent intentionally selected the person and/or target of the violation based on actual or perceived age, race, color, religion, disability, gender, sexual orientation, gender identity, gender expression, national origin, ancestry, disability, or veteran status. More than one of the following sanctions listed may be imposed for violating the Student Code of Conduct. For students, possible sanctions that the University may impose for actions that violate Policy 1065: include:

1. **Warning**: A written notice that the Respondent is violating or has violated University policy and that additional infractions of the Student Code of Conduct could result in further sanctions.

2. **Educational Sanctions**: The Conduct Body may impose educational sanctions including reflection papers, educational modules and/or projects designed to assist the Respondent in reflecting on their decision making. Some educational sanctions will incur a user fee which will be disclosed to the Respondent at the time the sanction is imposed.

3. **Student Conduct Probation**: A student may be placed on Student Conduct Probation (‘Probation’) following a violation of the Student Code of Conduct. Probation is for a designated period of time. Probation may be assigned in conjunction with other sanctions or stand alone as the only sanction for a violation. Additional violations while on Probation may include the additional imposition of more severe Student Conduct...
sanctions

4. Restitution: Monetary payment required to be made by Respondent to reimburse for repair or replacement of damage, or misappropriated property, and/or to reimburse for medical or other expenses incurred by a third party as a direct result of misconduct.

5. University Service Hours: Work assignments, service to the University, or other related discretionary assignments.

6. Fines: Monetary penalty required to be paid by Respondent which is imposed for a violation of the Student Code of Conduct.

7. Loss of Privileges: Action prohibiting a Respondent from participating in certain activities or enjoying certain privileges for a prescribed period of time. Loss of privileges may include, but is not limited to:
   a) Removal from University Housing;
   b) Revocation of student identification card;
   c) Removal from a student leadership positions (elected or appointed);
   d) Removal from an athletic team or club sport;
   e) Loss University employment;
   f) Exclusion from all or specific University premises.

8. Student Housing Suspension: Removal of the Respondent from University Housing for a definite period of time, after which the Respondent is eligible to return. Conditions for readmission may be specified.

9. Student Housing Expulsion: Permanent removal of the Respondent from University Housing which may include a prohibition against the Respondent making future application for University Housing.

10. Hold on Academic Records: Action restricting the Respondent’s admission and registration until a Student Conduct sanction is fulfilled by the Respondent. A hold will restrict the University from releasing official academic transcripts and/or awarding a diploma until the sanction is fulfilled by the Respondent.

11. University Suspension: Action terminating the Respondent’s registration in some or all University classes for a prescribed period of time. Suspensions are typically for one year in length, but may be longer or shorter at the discretion of the Conduct Body. The Conduct Body may also specify conditions for future enrollment which, if given, must be completed prior to reinstatement. Following a suspension, the Respondent is readmitted on Student Conduct Probation for the duration of the Respondent’s enrollment at the University.

12. University Expulsion: Action terminating the Respondent’s registration and
relationship with the University. This action separates the Respondent from the University permanently for all current and future academic terms. An expelled student is ineligible for readmission to the University.

13. Group and/or Organization Sanctions: Sanctions for groups may result in permanent or temporary suspension of the group from the University, loss of recognition or charter, social probation, or other actions deemed appropriate by the University. An individual involved in a group offense and/or sanction can also be subject to additional individual charges and sanctions. Any student group and/or organization may be subject to the following sanctions:

   a) Those sanctions listed above;
   b) Loss of selected rights and privileges for a specified period of time;
   c) Deactivation and/or loss of privileges, including loss of University recognition, for a specified period of time.

14. Revocation of Admission and/or Degree: Admission to the University or a degree awarded by Boise State University may be revoked for fraud, misrepresentation, or other violations of Boise State University standards in obtaining the admission or degree, or for other serious violations committed by a student prior to graduation.

15. Withholding Degree: Boise State University may withhold awarding a degree otherwise earned by a Respondent until the completion of the Student Conduct Process as set forth in the Student Code of Conduct, including the Respondent’s completion of all sanctions imposed, if any.

16. Classroom Dismissal: At the discretion of faculty, a student may be dismissed from class for one or two class periods. Faculty may also request that a student be dismissed from the class for the remainder of the semester. The policy for maintaining order in classrooms and the procedures for classroom dismissal are outlined in Boise State University Policy #2050.

Sanctioning Process - Employees

In cases where the Respondent is a University employee and the investigator determines a violation of Policy 1065 occurred, a summary of findings will be provided to the AVP for Human Resources (or designee) and the Respondent’s hiring authority, who will together, in consultation with the Title IX Coordinator, determine whether disciplinary action is warranted.

If employee disciplinary action is proposed, Human Resources will assist the hiring authority in initiating the applicable disciplinary process and due process procedures, pursuant to University policy and state law. Disciplinary process, due process procedures and appeal processes may be found in the following policies:
Human Resources will generally begin the sanctioning and due process procedures within **five (5) business days** from the time the final investigation report is received. If additional time is necessary, the Complainant and Respondent will be notified in writing.

**Process for Classified Employees:** Classified employees must receive notice the University is contemplating disciplinary action against them. A Notice of Contemplated Action (NOCA) will be provided to the employee notifying them of the following: 1) Disciplinary action contemplated (e.g. demotion, suspension, termination, etc.); 2) Basis for the disciplinary action; and 3) Due-process procedures and appeal rights and responsibilities. The Classified employee has **10 working days** after receiving the NOCA to respond, unless both the VP/President and employee agree otherwise in writing. After the Classified employee has responded, or the time period to respond has expired, the VP/President, or their designee, must make and implement the final decision and notify the employee of their final decision no later than **10 working days** after the employee has responded, failed to respond, or waived his or her right to respond. A Classified employee has **35 calendar days** after receiving personal delivery of the final decision or deposit of the notice in the United States mail to appeal the University's disciplinary decision to the Idaho Personnel Commission.

**Process for Non-Classified employees:** Non-Classified employees must receive notice the University is contemplating disciplinary action against them. A Notice of Contemplated Action (NOCA) will be provided to the employee notifying them of the following: 1) Disciplinary action contemplated (e.g. demotion, suspension, termination, etc.); 2) Basis for the disciplinary action; and 3) Due-process procedures and appeal rights and responsibilities. The non-Classified employee must respond in writing to the NOCA within the time period indicated in the NOCA, which must not be less than **5 working days**. The Provost/Dean or Department Director may extend the time period for a response but in no event may the response period exceed **10 working days** after the employee has received the notice. The Provost, Vice-President, or their designee will notify the employee of the final decision no later than **10 working days** after the employee has responded, failed to respond, or otherwise waived his or her right to respond. A non-Classified employee may appeal the University's decision for dismissal within **5 working days** of the date the employee receives the University's decision for dismissal.

To the extent allowed by applicable employee privacy laws and University policies, the Complainant will be notified of any change in outcome resulting from the investigation and appeals
process.

Possible Sanctions - Employees

For employees, possible sanctions that the University may impose for actions that violate Policy 1065 include:

1. Written warnings
2. Educational module, including individual or group-based employee training
3. Adjustments to work locations, hours, or reporting structure
4. Restrictions on access to information or locations
5. Performance improvement plan
6. Suspension without pay, with the length of time being dependant on the circumstances of the violation. There are typically no requirements for reinstatement.
7. Probation
8. No contact orders
9. Exclusion from campus
10. Demotion
11. Termination

Protection Against Retaliation

If you report an incident of sex discrimination, sexual harassment (including sexual assault), domestic violence, dating violence, or stalking, or provide information in the course of an investigation thereof, the University will take steps to protect you from retaliation and will respond to reports of retaliation appropriately and promptly. Specifically:

1. Boise State prohibits members of the University community from retaliating against an individual who has made a good faith complaint under University policy or anyone who has cooperated in good faith in the investigation of a complaint. The University will take every step necessary to protect the complainant and any witnesses against retaliation for bringing a complaint or for participating in its investigation.
2. Members of the University community who retaliate against complainants or witnesses in an investigation conducted pursuant to University policy shall be subject to appropriate disciplinary action.

Complaints of retaliation under this section should be reported to the Title IX Coordinator. You can contact the Title IX Coordinator by phone at (208) 426-1258 or by email at reportdiscrimination@boisestate.edu.

Probation, including the extension of or failure to complete, only applies to Classified employees. Probation cannot be imposed for those who have completed it previously.
Finality of Process

The above process is the only process the University will use for investigation of complaints of sexual assault, domestic/dating violence, and stalking pursuant to Policy 1065. The findings and associated employment or student disciplinary actions based on this process, including all associated appeals and statutory rights as outlined above, are final and will not be further addressed through the student conduct process, departmental administration, or human resource processes. Information obtained in University proceedings may be shared with local law enforcement, external governing bodies (i.e. the US Department of Education Office of Civil Rights and/or the Idaho Human Rights Commission), and/or any judicial body with a properly issued subpoena.

Such proceedings shall provide a prompt, fair, and impartial process from the initial investigation to the final result and will be conducted in a manner that is consistent with University policies, transparent to the Complainant and Respondent, and conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault and stalking, as well as how to conduct an investigation that protects the safety of the victims and promotes accountability. The specific content of each year’s annual training depends on the needs and skills of the officials. Conduct board training includes the dynamics of sexual and domestic violence, information on perpetration, and a review of applicable University policies and procedures using case studies. These officials will not have a conflict of interest or bias for or against the Complainant or Respondent. Proceedings will include timely notice of meetings at which the Complainant or Respondent, or both may be present, timely and equal access to the Complainant, the Respondent, and appropriate officials to any information that will be used during information and formal disciplinary meetings and hearings.

In any proceeding based on a complaint of sexual assault, stalking, dating violence, domestic violence, or other behavior covered in this section, the Complainant and the Respondent are entitled to the same opportunities to have others, such as a support person of their choice, present throughout the process, including the opportunity to be accompanied by such a support person of their choice to any meeting, conference, hearing, or other procedural action. Boise State will not limit the choice of advisor or presence for either the Complainant or Respondent in any meeting or institutional disciplinary proceeding; however, Boise State may establish restrictions regarding the extent to which the support person may participate in the proceedings, as long as the restrictions apply equally to both parties.

Once complete, both the Complainant and Respondent will be simultaneously notified, in writing, of the result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking; any change to the result; when such results become final; and be informed of the University’s appeal process, if applicable, and their rights to exercise a request for appeal, in accordance with the federal Family Educational Rights and Privacy Act of 1974 (FERPA) statute and applicable state and federal employment laws (if any).
Result means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by Boise State. Notwithstanding section 444 of the General Education Provisions Act (20 U.S.C.1232g), commonly referred to as FERPA, the result must also include the rationale for the result and the sanctions.

Proceedings will be completed within a reasonably prompt time frame and will include a process that allows for the extension of time frames for good cause. If this occurs, written notice will be provided to both the Complainant and Respondent, informing them of the delay and the reason for the delay. All parties will be informed of the University’s appeal processes, if applicable, and their rights to exercise a request for appeal. Should any change in outcome occur prior to finalization, all parties will be timely informed in writing, and will be notified when the results of the resolution process become final.

Boise State will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in Section 16 of Title 18, United States Code) or a non-forcible sex offense, the report of the results of any disciplinary proceedings conducted by Boise State against a student who is accused of such a crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

## Orders of Protection

Victims of sexual assault, domestic violence, dating violence and stalking may wish to prevent their attackers from contacting them. In Idaho, there are three different types of Orders of Protection: Criminal No Contact Orders, Civil Protection Orders (including Tribal Protection Orders), and University-Based No Contact Orders. All three are issued through different processes and can all be active concurrently. The process for obtaining the different kinds of Orders of Protection are detailed below. Boise State will assist in the enforcement of any type of Order of Protection if the Order is known. Violations for Criminal No Contact Orders and Civil Protection Orders may result in criminal charges, while violations of University-Based No Contact Orders may result in disciplinary action by the University. The University will assist victims with concerns regarding any of the three Orders of Protection. The Boise State Gender Equity Center can provide information and advocacy for students or employees who wish to obtain or learn more about an Order of Protection and can be reached by phone at (208) 426-4259.

University community members who have received a Civil Protection Order or Criminal No Contact Order are encouraged to contact and provide a copy of the order to the Department of Public Safety so campus authorities and police may assist in Order enforcement. The Department of Public
Safety can be reached by phone 24-hours a day at (208) 426-6911. This notification is especially important when that order lists University locations as protected areas. University community members who have Orders of Protection in place which are violated should immediately contact local law enforcement authorities.

Criminal No Contact Orders

When a criminal charge has been filed, only the court can issue a No Contact Order prohibiting the defendant from contacting the victim(s). These may expire at the end of a criminal case, and victims should keep in contact with their victim witness coordinator and prosecutor to know when a No Contact Order has been imposed or will expire.

Civil Protection Orders: Domestic Violence, Stalking/Harassment and Tribal

Unlike Criminal No Contact Orders, victims can petition for a Civil Protection Order at their local courthouse, typically at no cost, even if there is no related criminal case. In Idaho, there are two different types of Civil Protection Orders as well as tribal-specific Protection Orders that can be applied for at a local courthouse. The criteria for each Order and how to apply are outlined below. Note the definitions contained in the criteria reflect Idaho state codes:

Criteria for a Domestic Violence Protection Order:

1. A domestic relationship must exist between the petitioner and the respondent.
   a) A domestic relationship includes being married or previously married; dating or previously dated; having a child in common; living together or formerly lived together; or being related by blood, marriage, or adoption.

2. A recent act or threat of:
   a) Physical injury; OR
   b) Sexual abuse; OR
   c) Forced imprisonment: examples may include being held against one’s will, withholding keys, not allowing a person to leave, etc.

Criteria for a Stalking/Harassment Protection Order:

1. There are no relationship requirements for this Protection Order. A victim can file against anyone who has engaged in stalking or harassment against the victim or the victim’s household.

9 Copyright 2016 WCA - Protection Order Orientation Handout
2. An act of:
   d) **Stalking:** repeated, nonconsensual contact either in person or electronically; OR
   e) **Telephone harassment:** electronic communication that (1) threatens someone, (2) is lewd of profane, or (3) disturbs someone’s peace through repeated contact; OR
   f) **Malicious harassment:** any act or threat to injure someone or their property, based on their race, color, religion, ancestry or national origin.

**Criteria for a tribal-specific Protection Order:** There are five different tribal courts that have jurisdiction within Idaho that offer their own specific Protection Order. Tribal-specific Protection Orders require the victim to apply at their local Tribal Courthouse and can only be applied for if the victim is a member of that tribe. Typically, a tribal-specific Protection Order requires the tribal member to go before a judge or Tribal Council to have their case heard.

**How to Apply for a Civil and/or Tribal Protection Order**

All three types of Protection Orders require the victim to apply at their local courthouse. Contact information about where the campus community can request information about and apply for Civil and Tribal Protection Orders is detailed below based on which Boise State campus you attend or which tribe you are a member of:

**University-Based No Contact Orders**

Victims may request that the Department of Public Safety issue a location-specific or campus-wide exclusion order; these requests will be considered on a case-by-case basis. The Department of Public Safety can be reached at (208) 426-6911. Victims at any Boise State campus seeking an exclusion order may also ask the Title IX Coordinator for assistance. In addition, the Title IX Coordinator or his/her designee also may issue temporary University-based no contact orders, when necessary to protect the health and safety of campus community members. The Title IX Coordinator can be reached by phone at (208) 426-1258. If the victim is at a separate campus, the Title IX Coordinator will work with the local institution/authorities to assist the victim in getting an appropriate No Contact Order in place.

**Sex Offender Registry**

The federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue
a statement to the campus community about where to find information on registered sex offenders in the state. It also requires sex offenders who are already required to register with the state to notify that state if they are enrolled, carry on a vocation or are employed in a post-secondary institution. In Idaho, convicted sex offenders must register with a central registry maintained by the Idaho State Police. The Idaho State Police then sends the Department of Public Safety notifications of sex offenders attending and/or employed by Boise State University. If you would like a copy of this list, please contact the Department of Public Safety at publicsafety@boisestate.edu. Information regarding registered sex offenders in the State of Idaho under section 121 of the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921) can be obtained by clicking on the link below to access the Idaho State Police Sex Offender Registry website for the official records of sex offenders in the state of Idaho: http://www.isp.idaho.gov/sor_id/

Crime Prevention and Security Awareness Programs

Boise State would much rather prevent crimes from occurring than react to them after the fact. As such, Boise State offers or facilitates a number of crime prevention and security awareness programs to the campus community. Information shared relates to eliminating or minimizing criminal opportunities whenever possible, and a common theme of all awareness and crime prevention programming is to encourage students and employees to be aware of their responsibility for their own security and the security of others. The descriptions for the various programs offered are detailed below:

Students:

Orientation Programming: Every year during new student orientation, the Boise State Department of Public Safety, the Boise Police Department, the Office of the Dean of Students and other campus departments provide information to new students' parents regarding personal safety, crime prevention, crime notifications, bystander intervention, and campus safety resources and reporting options. Additionally, Department of Public Safety and the Boise Police Department participate in the Student Resource Fair, which also occurs during new student orientation. During this time DPS and BPD staff can have more personalized conversations about safety and resources.

Public Safety and Boise Police Programming: The Department of Public Safety and the Boise Police Department host tabling events during new student orientation, new student move-in day and at other times where students learn about crime prevention, personal safety, crime alert and reporting options, as well as other security awareness programs. Upon request, the Department of Public Safety has also offered campus safety awareness programming to incoming students. To request a training, contact the Department of Public Safety at (208) 426-6911.

Housing and Residence Life Programming: Housing and Residence Life staff provide information to residents regarding personal safety, crime prevention, crime notifications, bystander
intervention, and campus safety resources and reporting options in multiple venues. This occurs during first community meetings, programming offered through the department, as well as intentional conversations between student staff (Resident/Community Assistants) and individual residents.

Staff:

**Clery Act and Crime Reporting Training:** Beginning in the Spring of 2015, Boise State has required all new employees and Campus Security Authorities to complete a training titled *Clery Act and Crime Reporting Training*. This training covers the University’s obligations under the Clery Act, University security procedures and practices, and also provides information about how and to whom crimes should be reported. Campus Security Authorities will be required to complete this training, or the abridged version covering the same content titled *Campus Security Authority Re-Certification Course*, annually, while all other Boise State employees will be required to re-take the training again at periodic intervals.

**Gender and Sex-Based Misconduct Training:** The Office of Institutional Compliance and Ethics administers an online training course called *Gender and Sex-Based Misconduct Prevention and Response*. This course is mandatory for all new employees to complete shortly after hire. The course is a gender-based violence prevention and response training which includes information on policies and legal definitions, reporting requirements, risk reductions strategies, bystander intervention, instruction on responding to disclosures, avoiding retaliation, and maintaining a respectful environment. To learn more or request this training, contact the Office of Institutional Compliance and Ethics at (208) 426-1258.

For more information, please contact Val Uranga by phone at (208) 426-3227 or email at valuranga@boisestate.edu.

Students and Staff:
Crime Prevention and Awareness Training: Periodically throughout the year, the Boise State Gender Equity Center, Office of Institutional Compliance and Ethics, the Department of Public Safety, the Boise Police Department, and other campus departments present crime prevention and awareness sessions to both students and staff on sexual assault, bystander intervention, personal safety, campus and local resources, and security procedures and reporting options. Some of these sessions are available to any student group or campus department upon request, while others take place at regularly scheduled intervals for certain groups. For example, the Boise Police Crime Prevention Unit offers a training titled *The Power of Prevention, Personal Safety and Self-Defense for Women* that takes place upon request at the Campus Recreation Center.

CARE reports can be filed online at [https://www.boisestate.edu/care/](https://www.boisestate.edu/care/). The CARE team develops and implements education and outreach for the campus community including, but not limited to, training for Resident Assistants, Resident Directors, incoming faculty, staff and students, academic colleges and department chairs to ensure that CARE processes and contacts are well known by the campus community. Training and outreach typically cover reporting procedures and warning signs of distressing, disturbing or dangerous behaviors. Training is by request only. To learn more about CARE or to request training, please contact Lauren Oe at (208) 426-1527 or by email at laureenoe@boisestate.edu.

Rave Guardian: The Boise State Department of Public Safety offers information and training sessions, upon request, about Rave Guardian, Boise State’s mobile safety application. Training has typically been given a few times per semester. Information and training sessions cover the functionality of the application, including use of the panic buttons, texting features and setting up a virtual guardian through the application’s Guardian Safety Timer session. The sessions cover bystander intervention while using the application, as well as practical uses as they relate safety and security awareness. To request a training, contact Rob Littrell at (208) 426-3638 or by emailing roblittrell@boisestate.edu.

Active Shooter Training: Members of the Department of Public Safety have offered numerous active shooter trainings in the last year, and are given upon request. To request a training, call the Department of Public Safety at (208) 426-6911.

**Personal Safety and Crime Prevention Tips**

The term “campus crime” tends to bring to mind a few obvious crimes, such as bicycle thefts or textbook thefts. Certainly, these thefts can and do prove very costly to victims. But a realization that any crime that occurs in society can and does occur on a campus, puts you in a better position to avoid being a victim. Most crimes can be deterred, if not entirely prevented, by developing simple tasks and habits. While following the tips below cannot guarantee that you will not be a victim of a crime, your chances of being victimized can be reduced.

1. **Report all suspicious activity to the Department of Public Safety.** We encourage students and employees to program the Department of Public Safety phone number (208) 426-6911 into their mobile devices and report suspicious activity when observed.
2. **Lock your car doors anytime you leave the car.** It takes only seconds to lock and unlock your car doors, and these seconds can save you from being victimized.
3. **Don’t leave obvious valuables in plain view in your car.** Sometimes, temptation and availability is all that is needed to cause a would-be thief to attempt and complete a theft.
4. **Check the back seat of your car before you get in.** You may have an uninvited passenger.
5. **Check and lock your residence hall room, suite, townhome, apartment, or house door.** This is probably the best simple deterrent available to protect your property and you. A criminal will often take the path of least resistance.
6. **Don’t display large sums of cash or expensive jewelry.** Again, these actions may provide temptation to a thief. Cash and jewelry are often impossible to trace and easy for a thief to dispose of quickly.
7. **Know who is at the door before you open it.** Know who is at the door and what they want. If it doesn’t seem right, keep the door shut and communicate through the door.
8. **Walk with a friend when out late at night, and walk on designated pathways and well-lit areas.** There is truly safety in numbers. Try to avoid walking alone at night. Use the
Department of Public Safety security escort service instead of walking alone. This service is free and available 24 hours a day, 7 days a week. To request an escort, call the Department of Public Safety at (208) 426-6911.

9. **Secure bicycles through the wheel and frame with a U-lock.** The Department of Public Safety recommends using a U-Lock when securing your bike. Most of the stolen bicycles reported stolen within the last year either had their cable lock cut or were not locked at all at the time of the theft.

10. **Register bicycles with the Department of Public Safety.**

11. **Always pick a designated driver prior to attending festivities.**

12. **Don’t impair your judgment with alcohol or illegal drugs.** Avoid accepting a ride from someone whose judgment is impaired by alcohol or drugs. Avoid taking a private walk with someone whose judgment is impaired by alcohol or drugs.

13. **Work with another student when working late at night in campus buildings.**

14. **Do not leave doors propped open.**

15. **Engrave valuable possessions with serial numbers or owner-recognized numbers.** This can be done through the Department of Public Safety.

16. **Always know the location of the nearest telephone and how to report emergencies.**

17. **Keep emergency numbers near your phone.**

18. **Never leave valuables, including wallets, purses, books, computers, phones, etc., unattended.**

19. **Limit your use of alcohol and be wary of accepting drinks from others, even people you know.** Leave social functions that get too loud, too crowded, or that have too many people drinking excessively.

20. **Make sure that you have verbal and sober consent from anyone before engaging in sexual activity.**

21. **Remain vigilant and never take personal safety for granted.**

### Campus and Workplace Violence

**Threat Assessment (Boise State Policy #12030)**

Everyone is responsible for reporting threats they have witnessed, received, or have been told that another person has witnessed or received. Minus an actual threat, any witnessed-behavior regarded as threatening or violent, when that behavior is school-related or might be carried out on a University-controlled site, or is connected to University employment, should be reported.

Those who believe an immediate danger exists to the health and safety of a member of the University community should immediately call 9-1-1. If a member of the campus community is concerned about a threat of violence, they should document the reason for their concern and discuss it with their supervisor, administrator, department chairperson, Department of Public Safety, the Office of the Dean of Students, or Human Resource Services as appropriate.
Occasionally, an individual’s behavior or demeanor may cause fear or concern. In such cases of apprehension, it is important to tell someone in authority so it can be documented, evaluated, and handled appropriately.

Unless a pastoral or counseling relationship exists, this report should be made regardless of the relationship between the individual who demonstrated threatening behavior and the person(s) who were threatened or focus of the threatening behavior.

**Actual Threats**

- Report immediate dangers to health and safety to 9-1-1.
- Report threats to the Department of Public Safety (426-6911), who will investigate.
- Notify supervisor, administrator, or department chairperson.

While the Department of Public Safety is the lead unit in conducting investigations and evaluating threats, in some instances, they may promptly refer the matter to another unit as appropriate.

**Off-Campus Incidents**

The University should be made aware of threats made off-campus toward a member of the campus community even if by persons not affiliated with the University. So appropriate measures can be taken, employees must report threats or court-ordered action that may affect the safety of the University community to their supervisor and the Department of Public Safety.

**Orders of Protection**

Those who have applied for or obtained a protection order that lists University locations as being protected areas must provide to the Department of Public Safety a copy of the petition and declarations used to seek the order, a copy of any protection order which is granted, and a copy of any protection order which is made permanent.

**Confidentiality**

Boise State University understands the sensitivity of requested information and shall make efforts to respect the privacy of the reporting party as much as possible. Retaliation for good faith reporting is prohibited.

**Threat Assessments**

Threat assessments are conducted by the University C.A.R.E. Team (established under University Policy #12080) and chaired by the Associate Vice President of the Department of Public
Safety, or his/her designee.

Threat assessments shall assess an individual’s behavior if it has been reported as a potential threat to campus community safety.

The C.A.R.E. Team shall work with appropriate campus departments, law enforcement, and mental health agencies to expedite assessment and intervention. The team will also develop comprehensive fact-based assessment of students, employees, or other individuals who may present a threat to the University.

The Associate Vice President of the Department of Public Safety may enlist (1) the expertise and assistance of resources outside the University as needed and (2) anyone with knowledge of the reported situation.

Violations of this policy may lead to actions (as appropriate) which may include mediation, counseling, exclusion from campus, suspension, expulsion, dismissal, and administrative sanctions. Those determined to have violated this policy may be excluded from campus as quickly as safety permits.

**C.A.R.E. Team (Boise State Policy #12050)**

Boise State University is committed to promoting and maintaining an environment where students, faculty, and staff participate in the educational process without compromising the health, safety, or welfare of themselves or others. The following guidelines create a campus based multi-disciplinary intervention and response team to engage students, faculty, and staff who may pose a threat to themselves or the community.

This policy is not a substitute for appropriate police or emergency involvement. Individuals are asked to call 9-1-1 if there is a threat of imminent physical harm.

The C.A.R.E. Team is a behavioral intervention team that designs reporting, screening, and assessment processes for disturbed, disturbing, or disruptive student and employee behavior, including the establishment of the website for reporting purposes. The C.A.R.E. Team also designs proceedings for mandating psychological assessments.

The C.A.R.E. Team:
- Responds to reports regarding students, faculty, staff, and third parties who exhibit disturbing or disruptive behavior that may pose a threat to themselves or the University community.
- Reviews reports of concern submitted to [http://care.boisestate.edu](http://care.boisestate.edu) about members of the Boise State University students, faculty, staff, and visitors.
- Balances the individual needs of the student, faculty, staff, or visitor with those of the
greater campus community.

- Reviews reports of concern and conducts proactive intervention and assessment to prevent acts of violence or self-harm.
- Refers reports or incidents that do not require C.A.R.E. intervention to appropriate University authority, such as the Provost’s office, academic advisors, Office of the Dean of Students, or Health Services.
- Develops and monitors case management plans and appropriate documentation.
- In partnership with other University offices, the C.A.R.E. Team will:
  - Educate the campus community on active by-stander intervention, bias incidents, crisis management, monitoring behavior, and threat assessment.
  - Serve as consultants to members of the Boise State community to support in monitoring and assessing behavior and developing a plan of action to manage the behavior.
  - Assess available institutional and community resources and follow up on interventions, referrals, and reports.
  - Develops needed policies, protocols, and procedures to support C.A.R.E. functions around reports of concern.
  - Developing and implementing education and outreach plans to ensure that the campus community is aware of processes and contacts.

Retaliation, whether actual or threatened, destroys a sense of community and trust that is central to a quality environment. Therefore, retaliation against those who submit C.A.R.E. reports is not tolerated.

Annual Fire Safety Report on Student Housing

The Annual Fire Safety Report is made available as part of the University’s commitment to safety and security on campus and in compliance with the Higher Education Opportunity Act of 2008. This report contains information about University fire safety practices and is prepared in cooperation with Housing and Residence Life, the Department of Public Safety, Environmental Health, Safety and Sustainability, and other University departments. Note that for the 2016-2017 academic year, Boise State University leased individual floors for student housing at two additional complexes: RiverEdge Apartments and Vista West Apartments. The lease for these complexes ended May of 2017. Additionally, these new properties are considered “non-campus” locations for Clery Act purposes, but a description of their fire safety systems is detailed below. Fire statistics will be collected and published for these complexes in the 2017 and 2018 Annual Security and Fire Safety Report.

**Idaho Law and University Policy**

We discuss Idaho law regarding domestic violence, dating violence, sexual assault, stalking, and consent in reference to sexual activity. Those terms are not all defined under Idaho law, but to the extent they are, we discuss those statutes (provided below). We also discuss the University’s definitions of these terms and the extent to which they may differ from the definitions provided under Idaho law. We inform all students and employees that although they may be criminally liable for any action they take that violates Idaho law, the University will hold them to the more restrictive standards embedded in University policy and these standards shall be enforced through the employee disciplinary and student conduct processes.

For the purpose of this definition, a course of conduct is defined as two or more incidents. Stalking behaviors may include, but are not limited to:

1. Non-consensual communication including, in-person communication, telephone calls, voice messages, text messages, email messages, social networking site postings, instant messages, postings of pictures or information on websites, written letters or notes, gifts, or any other communications that are undesired and/or place another person in fear;

D. Consent

Idaho State Law

Idaho does not provide a general definition of consent (as it pertains to sexual activity), however there
are components of different statutory offenses that speak to consent and are included in the applicable statutes above.

University Policy

Consent: Voluntary, informed and freely given agreement, which may be withdrawn at any time, to engage in a course of conduct. Consent is demonstrated through words or actions creating a clear permission of willingness to engage in mutually agreed-upon sexual activity. Neither silence, the absence of resistance, nor the existence of a prior consensual sexual relationship are sufficient to indicate consent. A person who is incapacitated by alcohol or illegal or prescription drugs, unconscious, or asleep cannot give consent. Agreement to engage in a course of conduct shall not be considered freely given, and shall not constitute consent, when it is obtained through harassment, coercion, threats, or other forcible conduct. A person under 16 years of age cannot give consent for sexual activity; those who are 16 or 17 may only consent to sexual encounters with partners who are less than 3 years older.

Prevention and Awareness Programming Definitions

Primary Prevention Programs: Programming, initiatives and strategies intended to stop dating violence, domestic violence, sexual assault and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Awareness Programs: Community-wide or audience-specific programming, initiatives and strategies that increase audience knowledge, and share information and resources to prevent violence, promote safety and reduce perpetration.

Bystander Intervention: Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes: recognizing situations of potential harm; understanding institutional structures and cultural conditions that facilitate violence; overcoming barriers to intervening; identifying safe and effective intervention options; and taking action to intervene.

Risk Reduction: Options designed to: decrease perpetration and bystander inaction; increase empowerment for victims in order to promote safety; and help individuals and communities address conditions that facilitate violence.
