

Outdoor Orientation Trip Refunds

Refunds and Cancellations

Trips are non-refundable. The cost is only refundable if the trip is canceled by the Outdoor Program. A refund for the total cost of the trip can be granted to the student account when a participant cancels their participation if:

1. Participant cancels their enrollment at least five weeks prior to the trip's start date.
2. Participant cancels their enrollment less than five weeks prior to trip start date, AND their spot is filled by another participant. If their spot is not filled, they will not receive a refund.

The Outdoor Program reserves the right to cancel the trip due to insufficient registrations, inclement weather or other unforeseeable circumstances. If such cancellation is necessary, the participant will be issued a full refund.
