## Uploading Material

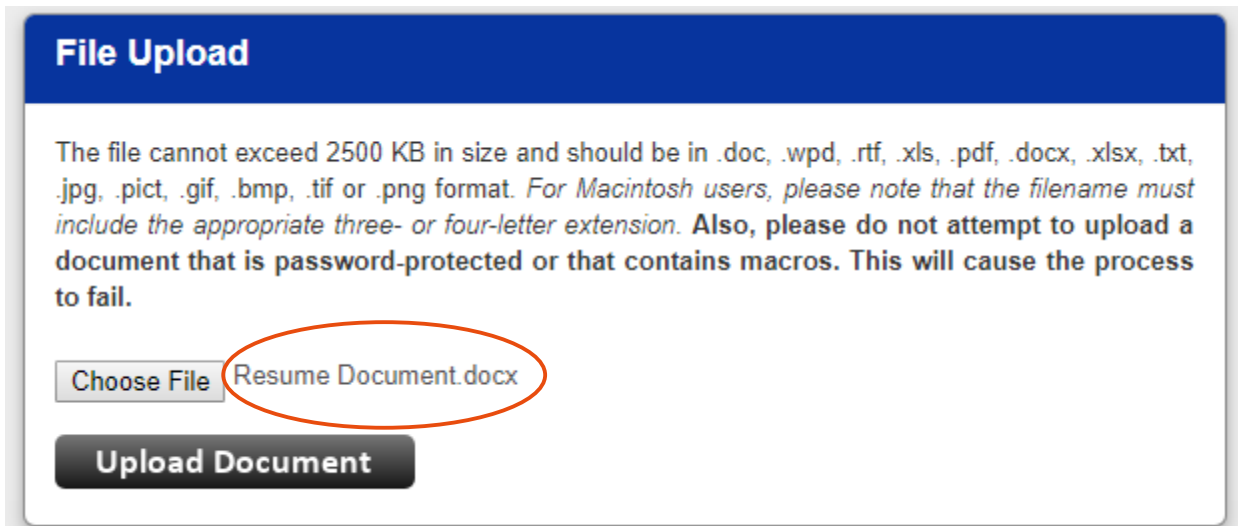

1. Anytime you would like to upload material, you may select the 'Upload Document' button below a required section.

2. Selecting the 'Upload Document' button will open a pop-up window (please ensure allow pop-ups for this specific webpage through your browser settings).

3. Select 'Choose File' and choose the proper file from your computer's document viewer window. Then select 'Upload Document'.

4. The pop-up will close and your document will appear on the requirements page. You may view your document to make sure it looks correct, or if needed, you may delete your document and re-upload using the steps above.

You have uploaded a file. You may view or delete your uploaded file. You may also upload another file to replace the file you have already uploaded.

## Trouble with your Program Material?

If you are experiencing problems with your application, please review the following troubleshooting guide below regarding the most common problems.

If you are still experiencing problems with your application, you may contact the Graduate College office at [gradcoll@boisestate.edu](mailto:gradcoll@boisestate.edu) or by phone at (208) 426-3903 and we will be happy to assist you.

### Help! My application material won't upload!

- If you are unable to upload your material, here are a few simple steps you can take to resolve the issue.
  - First, make sure that your file is within the file upload parameters.
  - Export your document as a PDF and try to upload again.
  - Try clearing your cache and cookies, and closing and reopening your browser to try again.
  - Try a completely different web browser (many people find problems when using the Microsoft Edge browser or Internet Explorer).
  - If you are still experiencing issues, please forward your recommendation material to the program you are applying for.

### Can I waive my GRE or GMAT scores?

- Because the GRE and GMAT are program specific requirements, you will need to contact your program or program coordinator directly to see if they are able to waive the scores for you.

### My program told me I don't need [a resume, a letter of intent, etc.]?

- The Graduate College only requires three things from applicants: a complete and submitted application, an application fee, and all of your official transcripts. If a program has notified you that they do not require certain material for your application to be complete, you will need to verify that information with them directly.
