Frequently Asked Questions:

If you are experiencing problems with your application, please review the following troubleshooting guide below regarding some of the most common issues and concerns.

If you are still experiencing problems with your application, you may contact the Graduate College office at graduatecollege@boisestate.edu or by phone at (208) 426-4723 and we will be happy to assist you.

I have already applied before. Can I use that same application again?

- No. If you previously submitted an application, you will need to create a new application and pay a new application fee.

I was accepted, but left my program early for personal reasons. Do I need to reapply?

- Yes. You will need to create a new account and apply for readmission into your program.

I was denied admission in the past. Can I reuse that application?

- No. Once an application has been denied, it cannot be reopened. You will need to create a new application.

I would like to apply for multiple programs and certificates. Can I use one application?

- You only need to create one account to apply for multiple programs. If you would like to apply for multiple programs log into your account and choose the Submit New Application link, located at the bottom of the screen.

My start term isn’t listed on the drop down!

- If you do not see your desired start date, the application deadline may have passed. You can check on the deadline for your program on our Degree Programs page. If you wish to enroll in graduate level courses for your desired term, please submit an application to be a non-degree seeking student. Please note that a non-degree seeking status will allow you to enroll in graduate courses for which you are eligible, but does not offer or guarantee admission to a graduate program. Admission to a program will require a new and separate application.

I’m applying for an Accelerated Master’s Program? Do I use this application?

- Yes! You’ll first want to discuss with your program about participating in an accelerated master’s program, then, fill out and submit your application as normal. You’ll be prompted to check a box in the ‘Degree Path’ section that notifies us that you’d like to apply for the accelerated master’s program.

I’m currently experiencing financial hardship. Do I qualify for a fee waiver?

- Unfortunately, we do not have a financial need waiver for graduate applications at this time. We are sorry that we are not able to offer you any sort of application waiver.
