Community Engagement Opportunities
June 17—July 25

“Bringing this Institute to Boise State brings the world to our city and enlightens us to the unique customs and cultures present in Sub-Saharan Africa.”

Interim Provost and Vice President of Academic Affairs
Tony Roark

**Mentors**
Are you a specialist or recognized leader in government policy and transparency, public health, refugee issues, or women and youth? We need you! Mentors commit to one meeting a week, of up to two hours, facilitating discussion with anywhere from one to five Fellows. These unstructured meetings are designed to provide critical and targeted advice to Fellows in managing their careers.

**Home Hosted Dinners**
What better way to demonstrate Boise Kind than to invite a Fellow to your home! A truly one-of-a-kind cross cultural experience. We are looking for up to 40 volunteers to host one dinner of three to four Fellows on Tuesday evenings from June 23 through July 21. In addition to hosting dinner, volunteers are asked to provide transportation to and from Lincoln Townhomes to your home.

**Drivers**
Drivers are needed to shuttle Fellows to the grocery, to activities, and religious services. You must have a current driver's license and insurance for this role.

**General Assistance**
Whether it's setting up dorm rooms, staffing a checkin desk at an event or simply helping to stuff nametags, there will be a wide variety of assistance needed.
